

Buy the SPRAMOTOR--- Government Approved!

At the Canadian Government Spraying Contest, Grimsby, Ont., eleven Spraying machines were entered. **Spramotor** was an easy first, and completely outclassed all others. After that event, **every other maker** gave up the spraying-machine business, leaving us the only Company in the field for ten years.

All that time, we went right along improving and perfecting the **Spramotor**, with the result that we are now years in advance of anything on the market. We have won over one hundred First Awards and Gold Medals with the **Spramotor**, and offer you the greatest spraying machine made to-day.

We make them in a wide range of styles and prices, from \$6 to \$350. You need a copy of our valuable work on Crop Diseases. Send us particulars of your spraying requirements, and we will forward a copy by return mail. FREE. Write while you are at this page.
