**Rheumatism and Neuralgia**

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—no say those who have tried it.

Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy. FRANK CARROLL, Eureka, Nevada.

After suffering with chronic rheumatism for several years, I was induced to try Paine's Celery Compound, and after using two bottles found myself greatly improved. In fact, after using three bottles, have not felt any rheumatism. Can conscientiously recommend it. Yours very truly,  
MRS. P. COWAN, COWANVILLE, P. Q.

**Paine's Celery Compound**  
"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles."  
SAMUEL HUTCHINSON, So. Cornish, N. H.

**Effects Lasting Cures.**  
Paine's Celery Compound has performed many other cures as marvelous as these.—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

**CATARRH.**  
A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not of permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.
