The nave of Dunblane cathedral which has been bare and roofless for 300 years, was opened on Sabbath with the celebration of the sacrament. Rev. Alexander Ritchie, minister of the cathedral, preached the action sermon and Rev. Dr. Cameron Lees read the lessons. Mr. Ritchie said that as this was the first Protestant service which had been held within these walls, it was fitting to celebrate the sacrament as being the oldest Christian institution, and it joined hands across the centuries with those who worshipped there in by-gone ages. The work of restoration is scarcely yet complete. The present pulpit is a temporary one and the organ is still to be built.

Saved Her Life.

Mrs. C. J. WOOLDRIDGE, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral.

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicines given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
