## MISCELLANEOUS.

We see time's furrow on another's brow; how lew hemeives in that just
We may neglect the wrongs which we recelve, but be careful to rectify those which we are the cause of to others:Dewey.
Wealth is a weak anchor, and glory cannot support a man: this is the law of God, that virtue only is flrm and can-
not be shaken by a tempest.-Pythagnot be
oras.
The means that heaven ylelds must be embraced and not neglected; else, if
heaven would and we will not, heaven's heaven would and we will not, heaven's
offer we refuse, the proffered succourer offer we refuse, the proffer
and redresm.

In troubled water you can scarce see your face, or see it very little, till the water be quiet and stand still: so in
troubled times you can see little truth; troubled times you can see little truth;
when times are quiet and settled, then When times are quiet and settled, the truth appears.-Selden.

To me it is a delightful thought that during the famlliarity of constant proxmity the heart gathers up in silence the
nutriment of love, as the diamond, even nutriment of love, as the diamond, even
beneath the water, imbibes the light which it emits.-Richter.

The importance of this powerful agent -public opinion-for the prevention o In Jurious acts is too obvious to need to be fllustrated. If sulficiently at comof other weans aldames mill other meandJames Mill
The colour of our whole life is generally such as the three or four first jears In which we are our own masters make it Then it is that we may be sald to shape ourselves a series of future successes or disappointments.-Cowper.

That Pale Face.
For Nervous Prostration and Anaemia there is no medicine that will to promptly and infallibly restore vigour and strength as scotte Emulsion.
Count Tolstoi, the Russian novelist, is said to have reproduced in the courtship of Levin and Kitty, where the lovers pronounce only the first letters of
the words they wish to say to each other, the woolng of hish wife and himself The Countess was married at 18 , and after 31 years of married life is the mother of nine children.

Positive economy, peculiar merit and wonderful medical power are all combined in Hood's Sarsaparilla. Try it. Hood's cures.
By means of a "reducing valve" the pressure of steam in one receptacle sup-
plied from another may be automaticalplied from another may be automatical ly kept down to a lower point. On somewhat the same plan, a newly deregulate the vacuum in thoston, will such as is needed in sugar and other manufactures. HELEN KELLAK
