

## Correspondence

All communications intended for insertion in the CANADIAN MESSENGER must be authenticated by the name of the writer, not necessarily for publication, but as a guarantee of good faith.

*The Editor* CANADIAN MESSENGER,

Rev. Sir, — Mrs. G. asks me to send you a note of thanksgiving for the extraordinary cure of her little five-year-old son Frank. This child had become stone blind over a year ago through an accident. The desolate mother tried everything that medical science could suggest, and her strong faith also suggested recourse to prayer, but the will of God seemed to be that the child should remain blind. One of our promoters met the mother and spoke to her about the Apostleship and how she might expect a cure if she became an Associate. The Sacred Heart evidently gave an extraordinary efficacy to the words of the promoter; the poor mother thought that at last she had found a cure. Her faith was not deceived. On the eight of January last the little boy's eyes began again to see the light of day, much to the astonishment of everyone who knew him, and naturally to the intense joy of his mother. May the Sacred Heart be known, praised, loved, adored forever!

*The Editor* CANADIAN MESSENGER,

Rev. Sir, — A former promoter wishes to return thanks to God, for being miraculously cured after a long and dangerous illness of three and a half years, through the intercession of the Blessed Virgin, St. Joseph, St. Francis, St. Anthony of Padua and the Souls in Purgatory, after a novena made by the Rev. Franciscan Fathers.

*Montreal.*
