Insurance Supplies and Commercial Work.

Is Specially Recommended by the Medical Faculty to Financial and Business Men generally, who seek recovery from Mental Overstrain. Such overstrain reduces the acids of the stomach, and if an ordinary meal is taken it is followed by Indigestion, etc.

→ JOHNSTON'S FLUID BEEF

is so digestible that it can be assimilated by the weakest stomach, at the same time supplying Nutrition and Stimulant without pain or languid reaction.

Hine's Pocket Expiration Book Good for seven years from any date; gotten up on the same go seral plan as the large Expiration Book, but very near and compact. Transformely Isanel in cloth, with gift side-inle, pocket size. Per septy.

Waters' Adjustment of Fire Losses on Buildings By A. J. WALLES, Esq., Cleychand, O. This is the latest and by all olds the most thorough and claborate work on the adjustment of togsts on at 11,010 as that has ever been published. It is filled with instructive text, valuable tables and profuse distributions; treating of house building from the laying of the sill to the last touch of the point brick, and is eminently practical and useful, not only in settling losses after a fire, but menalting agents to judge of the value of a building when making the insurance.

Beyold building when making the insurance.

Ducat's Practice of Fire Underwriting. Single copies.. 1 30

Fires; their Causes, Prevention and Extinction; combining also a guide to accure respecting maintaine against loss by fire, and containing information as to the construction of laidlings, special features of manufacturing hazards, writing of pslicies, adjustment of losses, etc., by F. C. Moore, N.V. 250 pp., 12 mo., cloth, beveled edge; per copy. 2 00

Classification of Fire Hazards and Losses; a new, complete, and lalor-varing method. By J. Giriswout, 1891. Some eighty companies have adopted this excellent system, and it is steadily growing in favor as the Underwriters become mere familiar with it.

Cancellation Tables, by J. Gurwern, Esq. The fullest and most extended work of the kind ever attempted, showing both the carned and unlearned premiums, both pro-rate and short rate, in actual figures, of any amount from a centro Stoopoo, for any time from a day to 5 years, 10-09

Hine & Nichols' Digest. A digest of Insurance decisions rendered since Samum's and Luttion's latest editions. "The latest law is the less law," because it not only has the benefit of past experience and the most recent thought, but it contains chalations of all analogous cases previously decided. Two hundred digests per anaum for the past five years, since the last named authors wrote, furnish what is really the present law of insurance. This important work is in course of active persparation, and will be issued during the present year. It will make an ordinary law look of about 50 1026s, and will be sold at.

Law of Assignments of Life Policies. By Him et Nicitors. The Assignment of Lafe Policies has been the subject of much recent litigation, so that t standard text-books, issued only a few years since, are wholly incomplete in regard to it. This work brings the law down to the present date. Cloth.

An Instruction Book for Life Insurance Agents, Canvassers, and Solicitors. By N. Willey, Actuary. Single copies 1 50

Principles and Practice of Life Insurance, A treatise on the principles and practice of Life Insurance. With valuable tables fo reference. A complete arithmetical explanation of the computations involved in the science of Life Contingencies. By Natinas William, with additions by H. W. Smrit, Actuary of the American Life Insurance Company, of Philadelphia. Percopy.

Hardy's Valuation Tables. — Based upon the Institute of Actuarles' Mortality Experience IIm. Table at 3, 3½, 4 and 4½ per cent. Gives Fremiums and Reserves on all life and life and endowment paid-up policies, full tables of annuity values for life, and temporary periods, etc.

Catalogues are supplied on application, containing a complete list of publications and prices.
