VANCOUVER BUSINESS REVIEW.

Vancouver Business Avisin.

Vancouver June 28.

Collections have been rather slower than usual for the past month. The teason given by some of the jobbers of the teason given by some of the jobbers. The teason given by some of the jobbers of the past of the teason given by some of the jobbers of the teason given by some of the jobbers. The teason given by some of the teason given by some of the teason given by some of the teason given by the have come in from Adlin. Repps also have come in from Adlin. Repps the have the damage by floods in Adlin lawfow. Deen meagre. It is not thought, how-been meagre. It is not thought, how-ever that they are at all serious. The very damage and they are all serious they are all the coast mines, but what there is a reasouring, if not sensational. The reasouring, if not sensational. The reasouring if not sensational. The reasouring in the lumber and shington and they are all they are all

employed.

The sensational feature in the local markets this week was the deap to employer. The resistational feature in the local markets this week was the drop in markets this week was the drop in markets this week was the drop in the control of the c it was stated that sugar would at once recover its former strength. In the fruit market cocoanuts and pineapples are now offered for sale and there is a great abundance of local strawberries. The market is otherwise featuraless.
