(2) (a) The export quotas of the Czechoslovak Republic, Hungary and the People's Republic of Poland do not include their exports of sugar to the U.S.S.R. and these exports are outside this Agreement.

(b) The U.S.S.R. export quota is calculated without taking into account imports of sugar from the Czechoslovak Republic, Hungary and the People's Republic of Poland in excess of 50,000 tons.

(3) Costa Rica, Ecuador, Guatemala, Nicaragua and Panama, to which no basic export tonnages have been allotted under this Article, may each export to the free market up to 5,000 tons raw value a year.

(4) This Agreement does not ignore, and does not have the purpose of nullifying Indonesia's aspiration as a Sovereign State for its rehabilitation to its historical position as a sugar exporting country to the extent that may be practicable within the possibilities of the free market.

¹ In calculating Belgium's net exports, the first 25 thousand tons of exports to Morocco shall be excluded.

² Having regard to the links existing between France and Morocco and Tunisia within the French franc monetary zone and considering that Morocco and Tunisia import from the free market, France is authorized to export, in addition to its export quota in effect, a net annual amount of 380 thousand tons of sugar.

³ The Kingdom of the Netherlands undertakes not to export over the years 1959, 1960 and 1961, taken as a whole, a greater amount of sugar than it imports during the same period.
