AIR POLLUTION CONTROL  
RESOURCE MANAGEMENT

### Consulting Services:

- Energy Planning
- Engineering

Multi-Disciplinary Services

## Company/Product

Much of Heathwood Engineering Associates Ltd.'s work has focused on environmental issues such as sulphur dioxide gas control, acid plants, etc. as they apply to copper smelting. This specialized activity with natural resources is rapidly becoming an exportable commodity as copper smelters worldwide become more environmentally aware.

## Current Geographic Marketing Activities

Heathwood Engineering has begun to explore this potential in Brazil, Chile, and Mexico.
