

C. Any Party exercising jurisdiction or control over territory in which the event under investigation may have occurred or in the air space over which samples are to be taken may designate an observer to accompany the technical operators on the flight.

8. The Administrator shall determine when special aircraft sampling missions are required in accordance with the terms of Article 7 of Annex I and shall have authority to order the despatch of such missions. For missions whose purpose is the collection of samples over the territory of a Party or Parties, the Administrator shall select routes from among the permanent flight routes laid down by the Commission in accordance with paragraph 6 of Article 6; before despatch of the mission, the Administrator shall notify all Parties over whose territories it will fly and shall inform them of the routes selected.

9. The Administrator shall forward to the Commission within twenty-four hours after receipt all reports submitted to him by inspection teams and special aircraft missions, together with any relevant data and analyses.

10. The Administrator shall encourage and facilitate the participation by personnel of components of the System in programs of basic scientific research, to the extent that such participation would not interfere with their primary duties.

11. In addition to the functions referred to in the preceding paragraphs of this Article, the Administrator shall perform such other functions as are provided for in this Treaty and its Annexes.
