

determine annually, subject to adjustment when necessary to meet unforeseen circumstances:

- (a) the total allowable catch for individual stocks or complexes of stocks, taking into account the interdependence of stocks, internationally accepted criteria, and all other relevant factors;
- (b) the Canadian harvesting capacity in respect of such stocks; and
- (c) after appropriate consultations, allotments, as appropriate, for Polish vessels of parts of surpluses of stocks or complexes of stocks.

3. To fish for allotments pursuant to the provisions of paragraphs (1) and (2), Polish vessels shall obtain licences from the competent authorities of the Government of Canada. They shall comply with the conservation measures and other terms and conditions established by the Government of Canada and shall be subject to the laws and regulations of Canada in respect of fisheries.

4. The Government of the Polish People's Republic undertakes to co-operate with the Government of Canada, as appropriate in light of the development of fisheries relations between the two countries pursuant to the provisions of this Article, in scientific research required for purposes of management conservation and utilization of the living resources of the area under Canadian fisheries jurisdiction off the Atlantic and Pacific coasts. For these purposes, scientists of the two countries shall consult regarding the conduct of such research and the analysis and interpretation of the results obtained.

5. The Government of Canada undertakes to authorize Polish vessels licenced to fish pursuant to the provisions of this Article, to enter Canadian Atlantic and Pacific ports, in accordance with Canadian laws, regulations and administrative requirements, for the purpose of purchasing bait, supplies or outfits, or effecting repairs, and such other purposes as may be determined by the Government of Canada, subject to the availability of facilities and the needs of Canadian vessels. Such authorization shall become null and void in respect of any vessel upon the cancellation or termination of its licence to fish.

ARTICLE III

1. The Government of Canada and the Government of the Polish People's Republic recognize that states in whose rivers anadromous stocks originate have the primary interest in and responsibility for such stocks and agree that fishing for anadromous species should not be conducted in areas beyond the limits of national fisheries jurisdiction. They will continue to work together for the establishment of permanent multilateral arrangements reflecting this position.

2. Pursuant to paragraph (1), the Government of the Polish People's Republic shall take measures to avoid the taking by its vessels and by persons under its jurisdiction of anadromous stocks spawned in Canadian waters.

ARTICLE IV

The Government of Canada and the Government of the Polish People's Republic undertake to co-operate directly or through appropriate international organizations to ensure proper management and conservation of the living resources of the high seas beyond the limits of national fisheries
