SPEECH FROM THE THRONE

Opening the fourth session of the Twenty-Fourth Parliament of Canada on November 17, the Governor-General addressed the assembled members of the Senate and the House of Commons as follows in part:

"...We meet in a world of continued international tension which has prompted my Government to redouble its efforts to bring about a general acceptance of peaceful means of settling disputes. It has reaffirmed its readiness to co-operate in the United Nations and elsewhere in the development of conditions that would lead to the attainment of this goal. My Prime Minister and other representatives of the Government have stated forcefully the views of Canada on these matters and they have received widespread support from the Canadian people.

"The Commonwealth has continued to demonstrate its vitality. Nigeria was welcomed to full Commonwealth membership at the beginning of last month and additional new members will enter this coming year. "The unanimous approval given by the United Nations to a joint resolution embodying the essence of the Canadian proposal for a United Nations Food Bank is a matter for satisfaction.

"Important international tariff negotiations began in September in Geneva and will last well into next year; my Ministers have made clear that these negotiations should be used as a means of finding solutions to the current European trade problems in a manner that will not harm the interests of other trading nations.

FEDERAL-PROVINCIAL RELATIONS

"Important conferences with the provincial governments have taken place in recent months. In accordance with the objective expressed by the Prime Minister early in your last session, two meetings have been held at which progress has been made in discussion of means of amending the constitution of Canada in Canada and relieving the Parliament at Westminster of its residual responsibility in regard to the British North America Act. Further meetings have been arranged. Two conferences on fiscal arrangements have been
