TRANS-CANADA HIGHWAY—EXPENDITURES IN QUEBEC

Question No. 4—**Mr. Coates:**

1. What was the total estimated commitment of the federal government on trans-Canada highways and bridges being constructed in the province of Quebec from April 1, 1964, to the present time?

Questions

2. What portion of this estimated commitment involves highways and bridges in the metropolitan area of Montreal and what proportion involves highways and bridges leading to St. Helen's island, the site of Expo '67?

Hon. G. J. McIlraith (Minister of Public Works): 1. \$63,799,000.

2. \$51,378,000 between Senneville and the Louis Hippolyte Lafontaine bridge-tunnel including the latter. No portion of the trans-Canada highway leads directly to St. Helen's island.

EXPO '67—FEDERAL EXPENDITURE IN 1965-66

Question No. 6—**Mr. Coates:**

1. What is the anticipated expenditure for 1965-66 of the Canadian government's participation in the 1967 Exhibition?

2. What is the breakdown of the anticipated expenditure?

Hon. Robert Winters (Minister of Trade and Commerce): 1. \$4,300,000.

2. Construction and acquisition of buildings, \$3,086,700; Exhibits and displays, \$1,029,000; Advertising and publicity, \$20,800; Special events, \$20,000; Administration expenses, \$143,500.

EXPO '67—EXPENSE ACCOUNTS OF EMPLOYEES

Question No. 7—**Mr. Coates:**

1. Were new regulations imposed upon employees of Expo '67 with regard to expense accounts involving meals, travel, accommodations and entertaining?

2. On what date were these new regulations imposed upon the employees and for what reason?

3. What guide did employees of Expo '67 use prior to the new regulations being imposed?

Hon. Robert Winters (Minister of Trade and Commerce): 1. No. The original regulations were enacted in 1963, the first year in which the corporation was in business, and were incorporated in the policy and procedure manual of the corporation at that time.

2. Answered by 1.

3. Answered by 1.

HALIFAX—FEED GRAIN STORAGE IN HARBOURS BOARD ELEVATORS

Question No. 8—**Mr. Coates:**

How much space has the National Harbours Board guaranteed to feed grain importers in the maritime provinces in their elevators at Halifax?

Mr. J. A. Byrne (Parliamentary Secretary to Minister of Transport): The National Harbours Board advises that the answer to the question is 2,150,000 bushels.
