The Principal,
McGill University.

Dear Sir Arthur Currie;

I have your letter of January 20th. asking me to serve on a Committee appointed for the purpose of considering plans for a building to house the Departments of Mining, Metallurgy, and Geology.

I shall have pleasure in serving on such a Committee and have as a matter of fact been collecting information regarding similar buildings in other Universities in the hope that it would ultimately be of use here.

I have read the final paragraph of your letter with interest, and understanding, and shall be governed accordingly.

Yours very truly,

John Bonsall Porter
