

## PREFACE

IN "Success Among Nations" the attempt has been made to initiate the reader into the psychological view of history, by giving, in outline and by means of a few illustrations, a bird's-eye view of the human forces that have raised some nations to the glory of success, while their absence has prevented other nations from holding their own in the battle for historic existence.

It is certain that a living knowledge of the present helps us most essentially in the comprehension of the past. But may we not also assume that a knowledge of the past so gained may guide us, to a certain extent, in a foreknowledge of the future? At any rate, in the present sketch we have also essayed to draw a few lessons from history as to the probable course of events regarding the leading nations of Europe and America. After a *résumé* of success in the past, we have tried to sketch the probable success in the future.

In our deductions we have been prompted by no motive of national prejudice, nor by any vague or traditional view of politics. Our predictions may be entirely wrong; but we venture to say that our method of arriving at them is the only one that can seriously be advanced. We may have applied it wrongly. It is,
