HONOR LIST REPORT

Ontario County Wins First County Flag, With Good Record.

District	Toronto Totals	Amount
A	\$397,100
B	249,700
C	241,900
D	334,450
E	268,580
Team total	\$1,492,100
Specials	2,500,000
Thursday total	\$3,992,100
Previously	\$1,257,500
Total to date	\$5,249,600

The news of peace, even the unfurnished, opened Toronto's purse, and out of her grateful heart she gave to the Victory Loan yesterday as generously as any day since the campaign opened. The idea that the war might be over and loved ones returning soon acted as a brace. Then came the realization that a lot of money would be needed to bring those men back to Canada and keep them until their discharges were thru. Then the hand went to the pocket and the bonds were bought. Out of a full heart, they gave generously.

Pass Half Objective.
The daily totals show that on Thursday the teams collected \$1,492,100, while the report from the special subscriptions committee brought the total up to \$3,992,100. Toronto has subscribed for \$45,249,600 of the allotted \$50 million.

In some districts the canvassers had a hard time, as the houses were empty when they called, everybody having gone down town to join in the city's thanksgiving. But what was a decided loss to the canvassers in the residential districts was pie crust to the workers in the business section. "Buy bonds and bring them home now!" cried a canvasser. One energetic man sold \$300 worth in one crowd. The real spirit was there and the bonds were sold.

Provincial Reports.
A telegram was received from A. M. Macrae, organized in northern Ontario, which says: "The top of Ontario is on top. Timmins district, comprising the gold mining areas and Cochrane, the pulp and railroad and paper, have gone over the top with one hundred and eight per cent. and one hundred per cent. of team members' objective of \$200,000 and \$175,000, in one half the allotted time. Still going strong." Ontario County yesterday celebrated the winning of the first county honor flag in the province, passing its objective and raising over \$2,300,000 in one week, a record which will stand for some time. George McLaughlin raised the flag on the town hall in Oshawa while J. P. Grierson, the county vice-chairman, assisted at the function. The county organization was represented by E. B. Thompson, organizer of the division. Congratulations were received by wire from Sir Thomas White and Sir William Hearst. H. J. Birkett, Ontario County organizer, states: "Other counties will

A tale of two Trade Marks

For over 59 years Turnbills have been making good knitted underwear in Canada—and underwear exclusively. They came from the Old Country with the knowledge of how to make good underwear bred in them. They brought out expert workers from the Old Country from time to time as their business grew—thus have always kept their products up to the highest standard, being made with that thoroughness and care for which the Old Country workers are famous.

The reason for this tremendous growth and popularity can be summed up in one word "Quality" first and all the time.

You cannot get away from the fact that Canadians appreciate "Quality" more than anything else—Turnbull's two brands are

VETERANS TO PARADE BEHIND BIG U. S. BAND

G. W. V. A. and all other veterans of the war are to hold a great Victory Loan mass meeting, probably at Massey Hall, on Saturday night. This meeting will be addressed by the most prominent members of the association. All returned soldiers are invited to the huge massed parade on Monday afternoon under direction of Lieut. John Philip Sousa with the Great Lakes Naval Band of 250 pieces. The veterans will form up at Queen's Park and will be permitted to appear in uniform.

RUMOR OF ARMISTICE RUNS BOND SALES UP

Returns for Yesterday Gratifying to the Victory Loan Committee.

Referring to yesterday's events, J. W. Mitchell, Toronto chairman, said to a reporter for The World last night: "Toronto returns for Thursday were extremely gratifying to the executive in view of the tremendous excitement running through the city all afternoon, which naturally interfered considerably with the regular plans of the canvassers for the day. On the other hand, the report of the signing of the armistice acted downwards as a great stimulus to the public, and all district headquarters were running to capacity handling applications, while salesmen thrust the crowd had a fine reception."

"It is being increasingly noted that the public appreciate the necessity, now that peace is in sight, of making the loan an overwhelming success, not only to hasten the return of our men overseas, but to insure a continuance of that general business prosperity of which is so essential to Canada during the demobilization period."

DEFENDS THE SYSTEM IN SCHOOL CONTRACTS

A. D. Waste, assistant superintendent of the board of education building department, gave evidence at the board of education enquiry yesterday. Respecting the excess payment of \$12,000 in the Sorinman contract, Mr. Denison counsel, for the commission, asked: "I presume that some day you are going to ask the Canadian Surety Company to pay that \$12,000."

"That is the intention," replied the witness. He regarded the department check on the progress of contract work as efficient. Contractors were paid proportionate sums as the work advanced.
