It was thought that by educating these Jews to be artists, agriculturists and so on, the social status could be raised and prejudice against them combated. In Hungary and Galicia the experiment proved a success, but in the other countries it proved impracticable. Senator Sanford has returned from Mexico, where he has been for some months in search of health, and his friends are all glad to know that his treatment at the baths has been successful, and his health has to a great degree been restored. He spent most of his time in Santa Rosali, Old Mexico, and, after taking six baths began to recover from his rheumatism. The treatment there is superior, he says, to that at Hot Springs, Ark. the Prince of wates and a distinguished party, whom he entertained in princely magnificence for over a week. The Baron spent several months there every year. In Bondon he kept a great house in Piccadilly, and also cwned valuable property in France and Scotland.

—Dr. Montague's Scheme.

Ottawa, April 22.—(Special)—A depu tation from Toronto consisting of Aldermen McMurrich, Sheppard, Bell and Dunn had an interview with the ister of Agriculture to-day to urge Minister of Agriculture to-day to urge that Toronto be chosen as one of the places for the location of an abattoir under the Government's dressed meat scheme. They stated that the city would be quite prepared to put up an abattoir, provided the Government would assume the management of it. They represented that it was but fair that Ontario should be given a share in this business, and that the whole trade should not be centred in Montreal.

MRS. FAWKES' \$75,000 WORTH OF

ronto Real Estate Brokers Will Figure

Mr. Thomas W. Griffith and Louis W. Hawkesworth, real estate brokers, 70 Victoria-street, were locked up in No. 1 Police Station yesterday on a charge of fraudulently securing execution of valuable documents. The complainant is Mrs. Drucilla Fawkes, nee Atkins, wife of Shadrack Fawkes, undertaker, 431 Yonge-street. If the story of the Kawkeses is true, they have been pretty well done up by some one.

She has seen Better Bays. she has seen Better Days.

Mrs. Fawkes was at one time possessed of considerable property in Totonto. Some time ago the entered into a deal with a person named W. J. Deacon, who is said to have resided in Windsor at the time. So far the police have been unable to locate Mr. Deacon, and there are grave doubts if he exists or ever did. The two men arrested acted as his agents and consummated the deal with Mrs. Fawkes. Mr. Deacon had, it is claimed, \$100,000 worth of bonds of the Rock Island Railway, which were worth 75 cents on the dollar, which he was anxious to trade for Toronto real estate. The Fawkeses were led to believe that these bonds were worth the amount stated, by being shown a telegram from someone in Chicago, to the effect that he was prepared to pay that amount for them forthwith. The exchange was made. Mrs. Fawkes gave up her property, become a stockholder in the nade. Mrs. Fawkes gave up her pro perty, became a stockholder in the Rock Island Road, and subsequently found that the road was no good, and that the bonds were worth next to

About the time the first deal was on, another trade was made, Mrs. Fawkes giving up some vacant property and \$500 in cash for farm land. This farm land, the complainant states, was so mortgaged that it was of no value to

her.

The property that was exchanged for the bonds is now registered in the name of Griffith.

City Crown Attorney Curry has the case in hand and will act as prosecutor in Police Court to-day.

A certain well-known and esteemed clergyman, residing in the northeast portion of the city, met with an unexpected example of youthful precocity the other day, which is affording a great deal of amusement to his friends. The clergyman in question is of rather unusual height, and always affects an ultra clerical costume, in which he disports himself upon a rather unclerical-looking wheel. The other afternoon while scorching along in Rosedale, he encountered a number of his Sunday school boys, and following his usual custom, stopped to have a chat with them. As he mounted his wheel to ride away with pardonable pride, he asked the question, "How do I look on a wheel, boys?" To his horror, the youngest of the crowd piped out, "You look a holy fright, sir." The parson rode away amid the hearty laughter of the boys, but has not been seen on a wheel since. Told flim He Looked a Holy Fright.

## OUR MAIL.

Our mail brings us every day dozens of letters about Burdock Blood Bitters. Some

from merchants who want to buy know about it, and more from people who do know about it because they have tried it and been cured. One of them was from Mr. J. Gillan, B. A., 39 Gould Street, Toronto. Read how he writes:

GENTLEMEN, -During the winter of 1892 my blood became impure on account of the hearty food I ate in the cold weather. Ambition, energy and success forsook me; and all my efforts were in vain. My skin became yellow, my bowels became inactive, my liver was lumpy and hard, my eyes became inflamed, my appe tite was gone, and the days and nights passed in unhappiness and restlessness

For some months I tried doctors' and patent medicines of every description, but received no benefit. Being advised by a friend to try B.B.B., I am glad to have the opportunity of testifying to the marvellous result. After using three bottles I felt much better, and when the fifth bottle was finished I enjoyed health in the greatest degree, and have done so from that day up to date. Therefore I have much pleasure in recommending B. B.B. to all poor suffering humanity who suffer from impure blood, which is the beginning and seat of all diseases. J. GILLAN, B.A., 39 Gould St., Toronto.
