Rev. A. B. The company, under the management of Messrs. Frank Thompson and W. Warnington, is, perhaps the best of the many good ones that have presented the play here. Mr. John Barker's representation of "Uncle Josh" Whitcomb could hardly be excelled, and there is not a weak member in the entire cast. The scenery, too, is all that is required to make up an exact portrayal of New England farm life. Then the musical specialties introduced are of the and Lord High Admiral, Commissioner for National Defence, and Inspector-General of Fortifications. He was also Minister for what corresponds in China to the Colonies and Indiaviz., Tibet, Mongolia and Korea. In a word, this man has been a whole British Cabinet rolled into one, with perhaps the exception of the Lord Chancellor and Home Secretary.

Etobicoke Bridge Falls.

The bridge over the Etobicoke at the first concession north of Dundas-street fell down on Saturday morning about 9 o'clock. A drove of cattle owned by Mr. Craig had nearly all crossed the structure with the exception of fifteen, when the bridge collapsed, carrying the animals to the river bed, a distance of about 20 feet. Many of the cattle were injured, two having to be killed on the spot. Much indignation is expressed by the farmers of the district who use this bridge, as it was found to have been rotten to its centre. Many vehicles had crossed it earlier in the day, and it was fortunate to have gone down when it did, else lives would have been lost. Both Councils of York and Peel are responsible for this neglectful state of affairs. An action for damages is likely to follow the mishap of Saturday.

The International Association of Factory Inspectors, representing all portions of the United States and Canada, will open its annual convention at the Parliament buildings to-day. About 60 deigates will be present, and matters bearing upon their work will be discussed.
