The Trusts Copporation of Ontario are appointed executors, except of that part of the estate which is in Manitoba and the Northwest Territories.

The executors for Manitoba and the Northwest Territories are Jadge Ryan of Portage in Prairie and A. E. Plummer, manager of the Trusts Corporation of Ontario.

The estate is valued in the neighborhood of \$1.375,000, but only about one-half of this is within the Province of Ontario.

The Cottom Markets Dull.

New York, Feb. 27.—The Commercial Advertiser's financial cable from London says:

"The markets here were very quiet and dull to-day. Americans began strong. London bought meagrely for an hour and New York sold later. The close was near the worst, except Ontario and Western, which was in demand all day. Spanish fours were 54. Coppers were heavy. Tintos were 30½, Bostons 2 9-16. Money was in good demand for re-payments to the bank. The bank is buying gold at 77s 9%d. Germany also is nibbling."

A Glare of Glass.

At a first gaze your eyes strike four huge plate glass windows, fitted in polished brazen frames and resting upon copper slabs. Behind are planos of different styles, all made to stand the test of inquiring eyes. You enter by a massive copper door, in which is set an oval glass as big as a full-grown man. A tiled entrance slab, with the name "Heintzman" in mossile, tells you on whose threshold you stand.

German Foreign Office have notified the United States Embassy, that the Government will henceforth admit American oranges, lemons and raisins without examination, and, also, that all American fresh and dried fruit will be allowed to pass in bond through Germany without being examined. The decisions are based on the favorable reports of the German experts sent to America.

A Doctor's Fatal Mishap.

New York, Feb. 27.—Dr. Willard Avery Hencock, 33 years old, is dead from blood poisoning. After attending a patient with a contagious disease, he scratched his lip, which itched, with his finger nail. The next day his jaw was stiff and swollen. Next day he died, after an operation to remove a diseased gland.

# Breaking Down

Some people break down gradually and others go to pieces all at once. First there may be a cold or a cough. Some derangement of the stomach appears which impairs nutrition and weakens the vitality. Debility is an invitation which consumption seldom fails to accept. The germs of consumption grow most rapidly in the cases where the system is most broken down. Every one should, therefore, build up the constitution and secure good physical development, particularly of the chest and lungs.

You cannot do this with faulty digestion; your food must nourish you, and your cough must stop. Dr. Shiloh's Cough and Consumption Cure helps tone up the system and enables you to get rid of the cough. If used as directed, no better medicine can be found. It has cured hundreds of cases of incipient consumption. A typical case, and one among thous

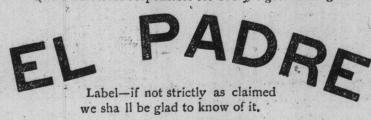

is that of Nelson Gough, of Strathroy, Ontario, who writes to the S. C. Wells Company, of Le Roy, N. Y., as follows: "When I first began taking Shiloh's Consumption Cure both my lungs were badly affected. One day I met Dr. MacKenzie who asked me what I was taking. I told him, and how it was
helping me; he said: 'Keep
right on taking it, for it may cure you.' I did, and am strong and healthy to-day."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be refunded in case of failure. 25c., 50c. and
