LEAVE STANLEY BARRACKS 10.30 A.M.

The Contingent's Unitorms, which have strived at the barracks for the Mounted Infantry, are very serviceable and neatlooking. They are of the same color as the Queen's Own Rifies' dress, but have white facings around the cuffs and collar. The trousers have a thin red stripe down the sides, but the pugarees which will be worn with them have not been served out to the men yet, and it is likely they will not receive them until they arrive at Halifax.

Body Guards' At Home.

In the Q.O.R. Buglers' mess last night, Captain Fleming and the officers of C Squadron, Governor-General's Body Guards, held an at-home to bid good-bye to their comrades going on active service to South Africa. A number of the boys obtained leave from the barracks to attend, and a right rousing farewell they received. A good program of songs, etc., was splendily rendered by Messrs. Phillips, Noray, Brown and Drummord, and Troopers Till. Webb, Johnson, Lieut. M. C. Cameron and others.

Remembered Their Comrade. During the evening Trooper C. Brown was made the recipient of a very handy and useful pocket combination knife. The presentation was made on behalf of the sergents' mess, by Regimental Squadron Sergt. Major Stratton, and Trooper Brown suitably replied, thanking the mess for their kindly remembrance. Applications From New York. Lieut. Col. Mason received a letter yesterday from Rev. J. R. Wylie of Hockinville, N.Y., asking the colonel to put in an application for him as a chaplain to the contingent. Mr. Wylie was once connected with the Royal Grenadlers as a private and fought in that capacity throughout the Northwest rebellion of 1885. Another let-ter was also received from George Irwin of New York, who is anxious to go to South Africa.

It has been decided that the Newcastle and Woodstock detachments of B Battery, numbering 30 men all told, instead of coming to Quebec, as at first intended, will concentrate at Halifax, which will considerably inconvenience Major Ogilvie in his efforts to have everything in readiness for departure on Monday next, for it will be next to impossible to fully organize before reaching Halifax under the new order of things.

Citizens' Sanitarium Committee, Editor World: As many persons are enquiring if any subscriptions are being solicited on behalf of the Citizens' Sanitarium Committee, I desire to make the following statement: The Trustee Board of the above committee has neither asked for nor accepted one dollar, nor authorized any person to do so, and, further, has no sufficiently educated to induce the Provincial Legislature to offer as substantial aid in the building of rural sanitaria for the consumptive poor as it is at the present time offering towards the erection of houses of refuge for the poor.

While it is true that much good has been done in other matters through private philanthropy, yet it is our belief that satisfactory results will not be attained in checking the spread of tuberculosis and lessening the mortality therefrom until adequate provision is made for the care of the poor afficted with this disease, and further believe that there is no reasonable hope of accomplishing this until the Government and municipality co-operate with philanthropy and charity in both the construction and maintenance of sutable sanitaria for this purpose.

A committee of the Canadian Medical Association has the matter under consideration, and it is hoped a report embodying a broad, liberal principle, resting upon a sound financial basis, which can be applied in each municipality or group of municipalities from Halifax to Victoria, will be presented and adopted and followed up by united and determined co-operative action.
