People Have More Confidence in Legal Opinion of Blair's Colleagues, Says Ottawa Journal.

Arthur application a hard shaking Jp. It says that on Mr. Blair's basis of reasoning it would be right for the Shedden Cartage Company of Montreal to make an agreement with the C.P.R., whereby it would get exclusive access to C.P.R. railway sations and thus destroy every other cartage company in Canada. The article continues:

"Is the public interest, against an equally iniquitous and rascally contract, namely, the C.P.R.-Bell contract, to be damned merely because the Railway Act omitted to specify conditions, which at the outset could not have been specified because the conditions were not in existence? We are afraid that as a majority of the public sees the chairman of the railway commission for the time being, he presents the figure of a single lawyer, long out of private practice, whose interpretation of legal points of vast moment over-rides the common sense of two colleagues in whose equity the public now feels more confidence than in his own, yet from whose single interpretation of the law there is no appeal.

"Was' the old way not better, whose at least the clumsy government committee was responsible to the votes of the people? Are we out of the frying pan into the fire? Certainly a minority decision of the railway commission, which, by virtue of the wording of the age to constituting it becomes a majority decision, assisting to fasten the telephone monopoly upon the whole book and the public now feels more confidence than in his own, yet from whose single interpretation of the law there is no appeal.

that their school days were, after all. the happiest in life, and who have a fond recollection of Church-street school as an aima mater, gathered in Webb's parlors last night, and at drank and were merry.

Wallace Weese, president of the association recently formed, was in the chair, and those present included Principal Groves, honorory president; E. Byfield and G. Mr Sully shut himself in his private office and would not be seen by newspaper men. Shortly after 4 o'clock he went into conference with counsel, and later Edward Hadley, jr., of Providence, R.L., one of the firm, sent out a message by his secretary, which read: "No statement of any kind of description, Mr. Sully directs me to say, will be given out from this office to-day. Possibly a statement will be ready early Saturday morning."

Cause of Suspension.

It is said the suspension was due to the impossibility of meeting demands for large sums of money due the Sully firm from European sources, sums that the quick slump in the market made payable too quickly for them to be able to meet. Mr. Sully left, his office at 4 o'clock.

May opened at 15.23, closed at 13.57, the lowest being 12.86. July opened at 15.23, closed at 13.57, the lowest being 12.86. July opened at 15.23, closed at 13.57, the lowest being 12.86. July opened at 16.25 to-day, closing at 13.37, the lowest being 12.86. July opened at 16.25 to-day, closing at 13.57, the lowest being 12.80, while the break in August from 14.65, the opening, went to 12.90, with a close at 13.00. The low price there was a loss of about \$12.50 a bale from yesterday.

One of the reasons commonly reported for the suspension was that the New Orleans bull party had sold cotton while Sully was bulling it, in the confidence that they were supporting him. Another was that Sully's following in the market had sold their long cotton without advising him.

Washington, March 18.—Broker T. Washington speaking here said: "Regarding lynching, I repeat that the taking of human life without due process of law, whether in Georgian or in Ohio, is a blot upon our civilization. Further, that we should at all times stand ready as a race to join hands with all people to see that crime is not committed by our people, and to see that legal punishment follows such crime."
