

One at a time is good fishing.

and by the same token one thing at a time is good advertising. Today we will talk Boys' Three-Piece Suits. A better showing than ours is hard to find in Toronto. For years we have enjoyed the reputation (and justly too) of being the leaders in boys' clothes, particularly for Three-Piece Short Pant Suits to fit boys ages 10 to 16 years, or, as our sizes run, from 28 to 35—we start the prices as low as \$3.00 and from that, raising 50c a suit until we get to \$8.50. The cloths we use are the best selected for boys' wear and we guarantee every suit, and that much abused word "guarantee" finds its true worth and meaning in our store.

"Get the Notion"

You'd like to see your boy have one of our suits. We have a full stock of boys' suits, and we guarantee every suit, and that much abused word "guarantee" finds its true worth and meaning in our store.

COUNCIL WASTES NIGHT DOING PETTY BUSINESS

Mayor Will Not Sign Warrants for Overdrafts—Spiritualist Goes to Asylum.

Hamilton, May 30.—It took the aldermen over three hours to-night to do business that they could have done in half an hour. A large portion of the time was taken up by a voluminous report on the transactions of the fuel committee, which no one wanted to hear. The city auditors who prepared it sent in a bill of \$10 for their services on the report. The pay of the laborers employed by the board of works was raised from 18 cents to 20 cents an hour. A clause in the sewers committee report, providing for the construction of the west and sewer was referred back. After a big fight, the fire and water committee was given power to buy, sell and exchange houses in the fire and police department.

Must Keep Inside Appropriations. Mayor Morden warned the chairman of the various committees that they would have to leave within their appropriation. He said that he would not sign orders for the payment of anything that exceeded that which had been set aside for it. Ex-Ald. Dunn was appointed to fill the vacancy on the hospital board caused by the death of the late George Roche. The other nominees were Samuel Landers and Rev. Chas. E. Whitcombe. Frank Quinn was named to succeed, S. Bothman on the board of health.

Others who were named for the position were Norman Thompson, James Dowling, J. Freeth and Thomas J. J. Aid. Howard resigned his position on the board of health, and Thomas Kilmington's resignation as a member of the parks board was also accepted. Chairman Birrell of the fire and water committee promised to see that a meter was not placed on the sprinkler system of the Canadian Westinghouse Company's factory in a general system was adopted. The council adjourned for a month.

Death of an Old Resident.

Thomas Maon, who was in business in this city as a hatter and furrier from 1846 till about six years ago, and was a past president of St. George's Society, died yesterday at the residence of his daughter, Mr. Elwood Robinson, London, Ont., in his 83rd year. He had been in London about a year and a half. The deceased was born in Muchwood, Leicestershire, England, and came to this city in 1845. A widow and two sons and five daughters survive him. The sons are Henry of Winnipeg and Henry of Grand Rapids, and the daughters are Mrs. Robinson, Mrs. C. A. Witwam and Mrs. Raymond E. Blagden, all of Grand Rapids, and Mrs. J. M. Davies of Grand Rapids and Mrs. Qu. this city. The remains will be brought to this city for interment on the 12.32 Grand Trunk train Wednesday.

Unity Lodge, Sons of England, expects to have between 75 and 80 members at their annual convention, which will be held at the Gravenhurst Sanitarium, for consumptive people as a result of to-night's concert and drawing. A honor chair and jardiniere were drawn for.

Four Fined.

Four sports who attended the cock fight at 24 St. James-street, were fined by Special Officer Nichol, appeared before the police magistrate this morning and were each ordered to pay a fine of \$10, with \$4 for costs. The unfortunate were: Albert Goodale, Ancaster; Tommy Meahan, Hunter-street; Larry Kelly, North Macpherson-street; Jack Fuller, Grimby Township. A warrant was issued for the arrest of Jerry Doyle, in the case of Herbert Marry, 157 Aberdeen-street, was enlarged. The officer says he will have another bunch ready for the court on Thursday.

The salary of the public librarian has been fixed at \$1000 a year, and the appointment was made June 15. The Hamilton Street Railway will build a loop line on Sherman-avenue, connecting with its tracks on West-ward-street, and the H. & B. has asked for running rights over the Sherman-avenue part.

Dr. H. H. Hooker, a young Hamiltonian, has been appointed a house surgeon at Bellevue Hospital.

W. L. Ross, acting for Mrs. Jacques, a runaway, had been arrested, and M. G. V. Gould, a lawyer, is suing the Hamilton & Dundas Railway Company for \$1, because a conductor refused to accept a limited ticket after 1.30 in the afternoon.

Col. Bryan's Joke on His Foes.

The Commoner: A subscriber writes at length to give his reasons for believing that the recognition will be given to the St. Louis convention. He is earnestly advised to search for the moral in the following story. A resident of a Minnesota swamp district heard that frogs' legs were commanding a high price in Chicago. "How much will you pay for frog saddles?" was the question he wrote to a Chicago commission house. "We'll pay \$1.50 per dozen; how many can you furnish?" replied the commission house. "Ten thousand dozen," replied the resident. A week later the commission house received the following: "I ship to-day three dozen frog legs, all I could get; I was misled by your hollering."

JOY IN THE CAMP.

There was quite a gathering of interested parties in the Geo. Reorganization around the King Edward restaurant, which was in the city. Senator Kerr was there, so was Mr. Combes and H. C. Hamilton. One or two others of lesser prominence. Satisfactorily in present conditions, confidence in the future was the keynote of any remarks they had to make.

The Hummer Drowning.

The funeral of Alfred Lester Moore, who was drowned in the Hummer on Saturday evening, will take place to-day. Deceased was in his 20th year. The young woman who witnessed his death was not, as at first stated, his fiancée, as deceased was married and leaves a widow and child.

Business Troubles.

JEFFERY AND PURVIS Hosiery and Underwear

Of course we haven't all the good values in hosiery that are sold in the city, but we will say this, that nobody has better—any price you want to pay between 25c and 2.50 a pair with extra trimmings—summer hosiery. 50c to 75c. A big line of summer underwear—1.10 to 10.00 the suit.

91 KING ST. PRINTING TRADES CONFERENCE.

Masters and Men Say Nothing—Brickmakers and Brewery Men. A conference was held in the Wesley building last night between representatives of the printing houses and their employers. A. F. Rutter, Dr. Briggs and Atwell Fleming appeared for the employers, Hugh Stinson and R. F. Burrows of Local 91 represented the international officers, and Edward Randall the president, William Glocking the bookbinders and John Huddleston the stereotypers. None of the interesting points of the conference were discussed at the meeting, and nothing could be learned of the result. A summons meeting of the bookbinders was at once called for 8 o'clock to-night, however, and a new proposition will then be submitted.

Peas' Brickmakers Strike.

There was not a brick made in Peas' brickyard at Toronto Junction yesterday. The men are out on strike for higher wages. This is the largest brickyard in the western part of Toronto and involves the paving brick plant as well. A speedy settlement is looked for.

The striking city brickmakers have written the secretary of the Builders' Exchange, agreeing to drop their demand for recognition of the union and to go to work on the same terms as wages are granted. This is put forward as a temporary expedient. The master brickmakers admit receipt of such a letter, but say that it has not as yet been taken.

Meanwhile, Robert Glocking, registrar of trades in the city of Toronto, yesterday received this communication: "We the undersigned employes request that you will advise the city of Toronto as mediator in a dispute that has arisen between us and certain brick manufacturers of the city of Toronto. The dispute in question is a general demand for a recognition of our union, which is in justifiable demand. We are P. J. Donovan, James Caskie, Thomas Kirby, John Hayes, Alfred Cheeseman, Albert Wise, Daniel Driscoll, Joseph S. Pickett."

Brewers' Conference Futile.

A conference was held yesterday by the Brewers' Association and the Brewery workers, represented by local President Rutledge, International Secretary Pringle, and President Raynor at the Secretary Kenneth of the Trades Council. The employers were pronounced in their statement that no increase in pay would be considered, but an agreement entered into, and several remarks were passed at which the labor men took offense as reflecting on their principles.

A revised schedule of proposed wages was submitted by the men, as follows: Wash-house men, \$3.50 per week; cellar men, not less than \$12.50; bottlers and packers, not less than \$12.50; other employes in bottling department, \$10; lager beer drivers not less than \$12.50; ale drivers, not less than \$11; helpers and assistants, \$10. The situation is unchanged.

To Keep Out Moulders.

Larry O'Keefe, vice president of the International Iron Moulders' Union of America, passed thru Toronto Sunday night from Detroit on his way to Ottawa to interview Mr. J. H. MacIntyre, the importer of foreign labor. Within the last few days seventy-five iron moulders had been imported and are at present there is not work enough for the men here now. From Ottawa, Mr. O'Keefe will go to Montreal.

FLOODS IN U.S.

Topeka, Kans., May 30.—One Missouri Pacific and three Santa Fe passenger trains were stalled at Quenemo, surrounded by high water. It is estimated that a thousand passengers are refused there. The bound passengers of the three trains are being sent for by the citizens of Quenemo. Many small boats have been washed down stream. Foreman Sienant and party are marooned in the Santa Fe. The Kaw River is 15 feet above low water mark and apparently at a standstill. The run of driftwood is heavy, and the greater portion of the false work of the Rock Island Railroad bridge, which is being reconstructed, has gone out. The street railway bridge was also knocked out of alignment, making the passage of cars impossible.

Enid, Okla., May 30.—A cloud in the vicinity of Enid has done much damage. A portion of the Enid, Denver and Gulf track between here and Guthrie has been washed away.

Vassar, Kans., May 30.—The flood is the most serious for years. The river rises from bluff to bluff, crops are practically ruined in the bottoms, and many bridges have been washed out. Several farms are from two to three feet under water, and much live stock has been drowned.

SOLDIERS TO ADD TO PAY IF GOOD SERVICE IS GIVEN

Minister of Militia Announces New Arrangement to Go Into Effect on June 1, 1904.

Ottawa, May 30.—(Special.)—In the house to-day Mr. Henderson of Halton called the attention of the minister of justice to the fact that it is difficult to secure men for the coming campaign on account of uncertainty as to the rate of pay. He found the minister ready with a prepared written statement. It is to this effect: Long service and good conduct pass will be allowed at the rate of 20 cents for the first year, 40 cents for the second and 50 cents for the third year. Several conditions are laid down. To be entitled to this pay, which is in addition to the regular rate of 50 cents a day, privates and non-commissioned officers must be duly enlisted in a regiment outside of the permanent corps. They must perform the full amount of drill for which their regiments are called out. They must be reasonably efficient in the performance of their duties in the use of the rifle, or other weapon their corps is equipped with. They must have received no reprimand. If these conditions are not complied with all right the good service standing is forfeited. The act will come into force on June 1, 1904, but privates and non-commissioned officers who have served continuously for three years will come under its provisions.

Hamilton Old Boys.

The Hamilton Old Boys' Association held their regular monthly meeting at Webb's last evening. Treasurer W. E. Orr presiding, a telegram was received from the president, R. E. A. Land, telling the association of his recovering from recent illness. During the evening an address was given by Dr. J. K. King on "Sentiment." The cheering and singing of hymns discussed and left to the executive to act on.

KILLS AS WELI AS TORTURES

Fatal Results From Indigestion Unless Promptly Cured—Dodd's Dyspepsia Tablets the One Sure Cure. Don't imagine because you say the pains and aches and discomforts that follow a hearty meal are "only indigestion" that you are not wrestling with a dangerous malady. Indigestion not only tortures; it kills. It weakens the heart, it is the cause of Appendicitis. The time to check it is now. The means of checking and curing it is Dodd's Dyspepsia Tablets. The proof is thousands of cures like that of Ademar Code's of St. Jacques de L'achigan, Que. Mr. Code's writes: "I suffered from Dyspepsia caused by inflammation of the stomach. I tried different medicines without getting any relief, when hearing of cures by Dodd's Dyspepsia Tablets led me to try them. Two boxes cured me completely."
