WILL BE TAKEN UPCity Wants To Know Why
Railway Board Did Not
Investigate.

ST. THOMAS, Jan. 28.—The Dominion Railway Board will be asked by the city why the representatives of the board did not look into the location of the crossings of the M. C. R., as promised, before the board dismissed the application of the council for the construction of pedestrian subways on half a dozen of the streets crossed by the railway. The railway board has refused the application made last summer by the city for the erection of these protective conveniences. When an order was asked for to have the subways located the board gave its assurance to the council that it would go over the ground and ascertain if the protection asked for was a necessity. But the only communication received from the board since a summer ago has just reached the city, and that tells the council the order asked for will not be granted.
