FOREIGN POPULATION A DANGER TO CANADA

Too Easily Debauched By Politicians—Royal Templars in Session—Two Trolley Accidents.

HAMILTON, March 15.—(Special.)—In addressing the Adult Bible Class Federation in Knox Church this evening, Rev. J. S. Woodworth, Winnipeg, said that all many of the foreigners in the west knew about their responsibility as voters was that, if they cast their ballots "right," it meant a bottle of whiskey for them. It was time, he said, that the church people left their prayer meetings to present a whole race from being debauched by politicians to attain their ends. In a recent election in Winnipeg, 280 bags of beer were delivered to the foreigners on two streets. Other speakers were: Rev. E. Wesley Halpenny, Rev. E. A. Mitchell, Mrs. Adah Turnbull, Dr. P. C. Stephenson, Toronto, D. A. Souter brought in the report on organization, and the following officers were elected: Rev. D. H. Wing, president; J. Cunningham, vice-president; J. S. Harker, secretary; W. J. Fairclough, treasurer; district superintendents, Miss Walton, E. H. Darling, D. A. Souter, Miss Hamilton, T. F. Best, Mrs. Turnbull and A. E. Manning.

Purity League.

The citizens league went out of business this evening and was reorganized as a branch of the purity league, with the following officers: Sir Thos. Taylor, president; G. H. Lee, president; Rev. John Young and Aid. Anderson, vice-presidents; H. E. Wilson, secretary; executive, Alderman Mills, George R. Duff, and George Rutherford, George Frid, Henry Banwell, Dr. J. A. Grant, C. F. McGregor, Geo. Black, J. J. Greene and Rev. A. H. Goring.

Ben Goldman, 52 West King-street, was arrested this evening charged with stealing a bicycle from Thos. Sinclair, Fredman-place.

James Speers, 269 North Ferguson-avenue, a cabinet maker, had two fingers amputated at the hospital this afternoon.

Boxing Bout.

The boxing bout in the drill hall this evening by the Army Medical Corps, drew a big house. The main bout between McCarthy, Buffalo, and McFintosh, Hamilton, was somewhat of a disappointment, as the Buffalo boy completely outclassed the Hamilton boxer. Both preliminaries were lively. In the first Artie Fair, Hamilton, won the decision over Walker, and Jones, Hamilton, put it all over Knott of Bradford, in Hamilton. On behalf of the city, he presented a handsome bouquet to Mrs. Hales, wife of the Dominion Councillor. Other speakers were: John Hales, Toronto; J. H. Spicer, Montreal; Dr. C. A. Brown, Winnipeg; R. H. Cairns, British Columbia; G. S. Wrye, Nova Scotia.

Banquet to Delegates.

A banquet was tendered this evening in the Orange Hall to the delegates to the Dominion Council of the Royal Templars. For the mayor, Controller Cooper welcomed the delegates to the city, and stated that he hoped that when the templar council met again in two years, it would find only forty business in Hamilton. On behalf of the city, he presented a handsome bouquet to Mrs. Hales, wife of the Dominion Councillor. Other speakers were: John Hales, Toronto; J. H. Spicer, Montreal; Dr. C. A. Brown, Winnipeg; R. H. Cairns, British Columbia; G. S. Wrye, Nova Scotia.

Woman Killed by Car.

Mrs. J. M. Hayell, Stoney Creek, 60 years of age, was run down by a Hamilton, Grimsby and Beamsville car this morning and instantly killed, a short distance from a crossing near the village. The crew of the car did not see her until they were almost upon her. They say they sounded the gong. It is thought her foot may have been caught in a frog.

Smallpox in Flamboro.

Three cases of small pox are reported from Flamboro Township. Fred Herrod, who is recovering, during 1907, was the first victim. His brother, who contracted the disease, spent a day in the city hospital here before the cause of his illness was discovered. He was immediately removed, and all those who had come in contact with him were vaccinated.

The Royal Templars.

The biennial session of the Dominion Council Royal Templars of Temperance, opened in the court house this morning with James Hales, Toronto, Dominion councillor, in the chair. In his annual report he expressed surprise because Canada had not sent a representative to London to attend the conference on the effects of alcohol on men and women. He charged that in various parts of the Dominion liquor was sold illegally in canteens, and that there were some magistrates and judges who could be counted upon to lean strongly in favor of those accused of selling liquor illegally.

Dr. Emory, the secretary, estimated that there had been a gain of about 500 in the membership of the order, which now numbered about 150,000. Mr. and Mrs. S. P. Smith, Windsor, who have been visiting in the city, left to-day for New York, accompanied by Mrs. T. H. Keller, to attend the wedding of Miss Nellie Davidson to Mr. W. Chapman.

Poor Pay the Plea of Patriot Politicians

Members of Legislature Outspoken in Favor of the "Salary Grab."

Somewhat in the nature of a "testimony" meeting, held at the attention of the legislature yesterday afternoon after the premier had moved the adjournment, and when the speaker was already on his feet to declare it carried.

Hugh Clark (C. Bruce) rose to make correction to a statement that had appeared in the press regarding a "round robin," in which it was stated that he had been one of those to hold out against the increased indemnity. "I was never asked to sign a 'round robin,' I have never seen a 'round robin,' I don't believe there ever was a 'round robin,' he declared.

What Are They Worried?

"The question," said Sam Clarke (W. Northumberland), "is that a man is not worthy of being sent to his house who is not worth paying \$1500. 'Just a moment, Mr. Speaker,' he exclaimed, 'I wish the speaker would get down here and make me nervous and interjected amid a burst of merriment from the members. Mr. Speaker resumed his seat, and Mr. Clarke continued: 'I believe the premier has enough stamina, if he believes this increase just to give it off his own back. It is no question of six weeks. The member is practically a mark for every man with a subscription.'"

Will Not Suffer.

"I do not think the hardware interests will suffer," remarked the speaker.

Taft's Tariff Club Will Not Hurt Canada

Business Men Think Attempt at Reprisals Will Mean More Industries Here.

That the imposition of the United States maximum tariff against Canada will not injure Canadian manufacturers, and that it will probably tend towards a big increase in European trade seems to be the consensus of opinion shared by prominent Toronto wholesalers, interviewed by The World yesterday.

"I have too high an opinion of President Taft's good sense and business judgment to suppose that he will allow himself to be forced into such a false position as attempting to hit Canada with a tariff club," said the head of one of the largest wholesale dry goods firms in the city.

Effect of French Treaty.

"Personally," he continued, "I do not think that the preference given to French goods is a matter of a nature to hurt United States interests by diverting trade to Canada. Naturally, the increase will have an effect on the American market, so that as the duty on cotton and small wares will be prohibitive, the Canadian buyer will be compelled to look to the American market for a supply of these goods. As a result of this policy, trade will be fostered with Great Britain.

MEDIATION IS ACCEPTED

BIG STRIKE POSTPONED

Probability Now That Western Firemen Will Not Have to Resort to Extreme Measures.

CHICAGO, Ill., March 15.—Danger of a general strike of 27,000 firemen on western railroads, and the contingent throwing out of employment of more than 125,000 other employees, was averted today by accepting proposals of mediation thru the federal authorities at Washington.

More Factories.

"This increase of tariff will result in the immediate construction of many American factories throughout Canada," said a leading wholesaler. "The higher you build up the tariff wall between the two countries," he remarked, "the greater will be the influx of American industries into this country. I do not think that the grocery trade will be affected in any market degree, for it will be the American manufacturers who will suffer, and not the Canadian. Most of the large cereal companies have branches established in this country, and those who have not will either be compelled to fall in line, or else cut out their Canadian business. In canned goods, Canada has nothing to fear. The canning industry is in an excellent condition."

Looking for Assistance.

NEW YORK, March 15.—Grand Master W. G. Lee, of the Brotherhood of Railway Trainmen, received to-day a telegram from the leaders of the Firemen's Union in Chicago, asking if the Trainmen's Union would stand by the firemen in their projected strike in the west. Mr. Lee has sent no reply, but his associates said that Mr. Lee felt that the Trainmen's Union had their hands full in the east at present.

NEW HAVEN, Conn., March 15.—Unable to receive a satisfactory answer to their demands from the officers of the New York, New Haven and Hartford Railroad Company, the order to begin to-night a poll of conductors, trainmen and yardmen of the system on the question of a strike to enforce the demands was issued this noon from this city.
