

BLUFF

Lots of people make a bluff at telling you a whole lot about something they know absolutely nothing of. You find them in every walk of life, but none more so than in the clothing business. Many salesmen take a keen delight in bluffing a customer into something he doesn't want, or making him believe cotton's wool. It's done every day, but not in THIS store. Every man we have must know his business, and sell goods honestly. It may take a little longer, but it wins out in the end. We are selling clothes to-day and building for next year's business. That's the kind of faith we have in our clothing.

"COME ON IN" where they don't bluff.

A NEW NATIONAL PARK IN NORTHERN ALBERTA

Will Be 52 Miles Long and 33 Miles Wide—Honors for Glendon and Stewart.

OTTAWA, Nov. 8.—(Special).—By an order-in-council, which will appear in the Canada Gazette to-morrow, a new forest park, to be known as the Jasper Forest Park of Canada, is established.

It will comprise an area of about 33 miles by 52 in Northern Alberta, east of the British Columbia boundary, on the height of land between the tributaries of the Athabasca, McLeod, Pembina, North Saskatchewan and Brazeau Rivers. An area of 105 square miles is subtracted by order-in-council from the Yoho Park Reserve in British Columbia.

D. A. G. Glendon and J. F. M. Stewart, Toronto, have been appointed commissioners to administer oaths under the naturalization act.

SHE PATIENTLY BORE DISGRACE

A Sad letter from a lady whose Husband was Dissipated. How She Cured Him with a Secret Remedy.

"I had for years patiently borne the disgrace, suffering misery and privations due to my husband's drinking habits. Hearing of your marvellous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had had the resolution to break off his own career. I heartily advise all women afflicted as I was to give your remedy a trial."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence strictly confidential. Address THE SAMARIA REMEDY CO., 30 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by Geo. A. Bingham, 180 Yonge-street, and by E. Doak, Drug-gist, 1466 Queen-street west.

HAMILTON TAKES STEPS FOR TECHNICAL SCHOOL

Deputation Will Wait on the Ontario Government at Early Date—General News.

HAMILTON, Ont., Nov. 8.—(Special).—Next Tuesday a deputation from the board of education, headed by Hon. J. B. Hendrie and J. J. Scott, K.C., will wait upon the Ontario Government and ask for the establishment of a technical college in Hamilton. The trustees had a conference this afternoon with Messrs. Hendrie and Scott on the subject. It was agreed that the board could easily start a technical school in the room now vacant in the collegiate institute building by the removal of the normal college, and the trustees are willing to provide a site in the College, providing that the government is willing to pay the cost of erecting the building and help maintain it.

Martin Malone's appeal against the assessment of the late Edward Martin's estate was called this afternoon at the court of revision, but was adjourned till Monday evening, owing to the fact that some papers were not ready. Mr. Malone said he would drop his appeal against the assessment of \$15,000 off the taxes. The board wiped out the new Federal Life Building. The total reduction up to date amounts to \$15,000, compared with \$17,100 last year.

The board of works this afternoon decided to open up Chatham-street, from Garth-street westward and to apply to the railway board for an order compelling the T. H. & B. to build a bridge over its tracks.

The House of Refuge committee made an inspection of the new home for incurables this afternoon. The building will not be completed for five months. Miss Mary M. Smith, sister of Inspector J. H. Smith, died suddenly this morning.

Baker Wants Satisfaction

A. M. Ewing, a baker, has served notice of an action for libel on The Hamilton Times, because it reported Rev. J. W. Hollnake as saying in a sermon on the subject of how the poor was helped up, that the bakers had a profit of 60 per cent on their bread.

Dr. S. Morley Wickert, Toronto, was the speaker at the Canadian Club luncheon at the Royal Hotel this evening, and his subject was "Municipal Government," which he said was the greatest problem of the age. The trouble now was that attempts were being made to run cities with machinery of villages. He referred to the Toronto system of board of control and said that the salary of \$2500 a year was utterly inadequate for the right kind of man.

Responsible Department Heads

What was needed, Municipal government was not politics, but business. He favored paying high salaries and getting good men for heads of departments. W. W. McCleim presented, and other who spoke at the council this evening by aldermen Aldermen McLaren, Peregrine, and John E. Brown. Ald. Peregrine said he was satisfied before he went into the council that the government by aldermen was a failure, and after nine months' experience was still satisfied that this was true. He favored the appointment of commissioners.

The 13th Regiment was inspected this evening by General Otter. Dr. Reame, minister of public works, addressed the C.M.B.A. this evening on the order.

The Hamilton Orangemen celebrated the 30th anniversary of the gunpowder plot this evening by a concert and banquet in their new hall.

The Hamilton Science Association celebrated its 50th anniversary this evening. The speakers were H. B. Whitton and A. T. Freed.

The quartering of Matthew and Mrs. Skedden's home, 162 West King-street, yesterday, Nov. 8, and presented them with twin boys. Mrs. Skedden and the children are doing well.

It was reported the other day that the householders and storekeepers in Hamilton were beginning to complain that the Cataract Power Company's new electric lighting rates were pretty much like a gold brick. This is now more evident than ever because the Hamilton Gas Light Company announced in the Hamilton papers on Wednesday that they will continue to furnish a steady, more brilliant and reliable light than the Electric Light Company at their new rates.

The resident of Barton Township in the district bounded by Barton and Trolley-streets, the Beach-road, Ottawa-street and King and Main-streets, have petitioned the county clerk for incorporation as a village.

Mayor Stewart and the aldermen, after attending the meeting of the Niagara Power Union and the Hydro-Electric Power Commission, are more enthusiastic than ever over the municipal light and power plant scheme.

Remarks of United States Ambassador at Nottingham.

NOTTINGHAM, England, Nov. 8.—Whiteley Reid, the American ambassador, delivered a speech on Anglo-American trade relations at a dinner given here last night by the Nottingham Chamber of Commerce, of which he was a guest.

Referring to the amount of trade carried on between the United States and Great Britain, Mr. Reid said:

"Neither of us is trading with the other out of benevolence or philanthropy; we are doing it because we are thus getting the most for our money."

"This being the case, should not he

NEWS FROM NORTH PELHAM

One of the oldest residents, Mr. Thomas McClashan, has been permanently cured of muscular rheumatism. Mr. McClashan, who has been afflicted with the disease for many years, was cured by the use of the "Nerviline" remedy. He writes: "I suffered all manner of pain for years, but have never been so well as I am now. I can honestly recommend Nerviline for all kinds of rheumatism. Every sufferer from aching joints, swollen limbs, sore shoulders and lame back can be swiftly cured by Nerviline. It is quick to act, very thorough—absolutely safe. Extensively used for nearly fifty years; sold in 25c. bottles under guarantee."
