RENNIES REMAIN FOR THE SINGLE RINK FINAL

Fourth Round in Afternoon and Semi-Final in Evening Decided on Hard Ice.

The Granites on Saturday landed for keeps the Canada Life Trophy, which represents the single rink championship of of ice with the result that John ar left to play off for the prize just as they did two years ago, when Thomas won after an extra end.

Four Granite rinks participated in the fourth round, and only one was beaten

the shot.

John Rennie has two changes in his rink from the time the former celebrated fraternal duel, C. D. Henderson and florace Lewis in place of the late A. B. Nichols and Ross Harstone, while Thomas still has his Dalton invincibles with Dr. Jerry Laflamme in place of Jimmy Meldrim.

It should be noted that the Rennies for this competition took on each rink what is generally termed green leads. Dr. Jerry Laflamme has been at the game two years, and Henderson about the same. However, both showed the form of skilful veterans on Saturday.

EARLY TROTTING FOR DETROIT.

SAGINAW, Mich., Feb. 19.—That the Detroit Driving Club may jump in and advance the opening of the short ship racing circuit a week by giving an early meeting on its new half-mile plant, was the statement made by Circuit Secretary Thomas F. Morris here today. The plan is being considered by members of the Detroit club at this time. If the meeting is staged, and a week earlier, it will give the Michigan circuit a week the jump on the Ohio Birds as they fly at Cranwood the week of June 12, and this would give Michigan many more horses.

Game From Torontos

Four Granite rinks participated in the fourth round, and only one was beaten, Mr. Hunter by F. E. Kerr of Queen City at Lakeview. Capt. R. N. Burns won rather easily from W. W. Booth of Aberdeens, last year's winner. Thos. Rennle drew away from P. J. Hayes of Lakeview in a game that was close in the early stages. John Rennie had the narrowest of squeaks with A. W. Holmes of Lakeview, counting one shot by an inch on the 15th end.

There was quite a gallery at Victoria in the evening to see the semi-finals. The ice did not suit Dr. Burns, and after a few ends T. Rennte pulled away for an easy win. But the game across the way was a clinker, both sides, especially the two skips, displaying the cleverest form and coolest judgment throut.

Gounted Four and Stayed Ahead.
Kennie was never headed after he counted four the 4th end, but Kerr hung on like the veteran he is. Queen City was only one down the 8th and alternate 3's left it the same the tenth round Granites had the breaks in the eleventh and here they won the game. The thirds and skips changed the counters with every stone. Finally J. Rennie drew to go and played on the defensive. Kerr hult up a beautiful thirteenth, but John Rennie came along with a dead draw to the shot for second, cutting out four. The last end Q. C. wan.ed four to tie, and it was not over till the final rock. Again the play was skilful and accurate. With his last stone Kerr rubbed out. Rennie's only rock in the rings and had the quartet he required. But Rennie cut to with his last stone Kerr rubbed out. Rennie's only rock in the rings and had the quartet he required. But Rennie out out two with his last, playing safe, the might have taken a harder try for the shot.

Outawa won by a score of 5 to 2, and both teams were badly battered. The Torontos were the aggressors, but after one or two of the champions had been hurt, the cleanest team in the league abandoned its customary sayle and retaliated at every turn. At one time in the first period the penalties flew so thick and fast that the supply of subs was exhausted and they played for three minutes with four met. each. Ottawa led by 3 to 1 at the end of the first period. The second was scoreless. In the third Randall swiped one past Benedict and put Toronto within one goal of a tie, but the Ottawas brought back Nighbor, Merrill, Darragh end Gerrard, who were resting, and soon cinched it, Nighbor and Shore scoring after end to end runs.

The sale of four members of the St. Louis American League Club to the Rochester Club of the International League is announced by Fielder Jones, manager of the Browns. The players are: Watter Leverenz, Harry Hoch, pitchers; George Hale, catcher, and Yale Sloan, outileider. It was announced that Jones reserved the right to recall any of the players.

President McCaffery states that he never had any dicke ing with John Ganzel, and he is assured that the Fed. jumper will get no berth in the International. The new Toronto manager, Joe Birmingham, is expected here tomorrow. Birmingham will play centre field for the Leafs.

Frank Baker, erstwhile third-sacker of the Philadelphia Athletics, tried to outfrenzy finance Eddie Collins, his former team-mate, when Connie Mack tried to get him in line for last season. The story going the rounds is that the Trappe, Md., farmer was exceptionally modest in his demands, asking for a three-year contract at \$12,000 a year and a \$10,000 bonus for signing. This would have made Baker's stipend exactly \$46,000 for three years, or \$1000 more than the wonderful Collins pulls down for a similar period. Eddie's salary is \$15,000 per year.

The members of the Kansas City Federal League Club are beginning to fret. Several of them, including Indian Johnson, Gene Packard, Drummond Brown, Clair Goodwin and Art Kruger, are wintering there. Most of them have had offers from various clubs, but they don't know what to do. John Savaga, owner of the Topeka Western League Club, wants both Kruger and Goodwin, and possibly Brown, but he doesn't know to whom to go to bargain for their release. Neither do the players.

Dick Rudolph, the Braves' famous right-hander, has entered upon his duties with the Williams College battery candidates. Rudolph is aiding Head Coach Fred Daly with the taily work in the cage, and the student body is confident the purple will turn out the best nine in its history as a result of the good tutoring the squad is bound to receive.

Robert Clemens, an outfielder secured by the Louisville American Association Club from the St. Louis Browns, was sold Saturday to the Richmond (Va.) toam of the International League.

Tributes to Memory of Late Glad Murphy

The remains of the late W. E. Glad Murphy left North Toronto on the C.P.R. train lest night for Montreal, where interment will take place today. His brothers and Mr. Frank Disset e accompanied the body. Graceful tributes were expressed on Saturday thruout Canada to the memory of the late wonderful athlete, especially in Montreal, Hamilton and Ottawa, where he was so well known as a Rugby star.

Canadian sport has suffered a real loss thru the death in Toronto, said The Montreal Herald, of Glad Murphy. He was a wholesome, cleanliving, clean-playing, courageous athlete on the field of play. He was a good fellow and a gentleman always. Greater tributes than these cannot be spoken.

The death of Glad Murphy, while not The death of Gaa Murphy, while not unexpected, caused deep regret among his many friends here, said The Hamilton Herald. On the field of sport Murphy always played the game, but played it fair and off the field he was a man of the whitest type. Athletes like Giad Murphy are few, and his place in sport will not easily be filled.

When informed that Murphy had finally sucumbed, President George Church of the Ottawa Football Club said: "In behalf of the Ottawa Club I may say that we deeply deplore the sad death of Glad Murphy. It was my privilege to have him as an opponent in many games and I feel sure that I am voicing the sentiment of all the Ottawa officers and players in saying that he was one of the greatest athletes and finest young men that ever graced the football field. Murphy was a fighter, but one of the fairest I have ever met. His death is to be deeply regretted, but he bequeaths a reputa ion for honesty and fairness that should be the envy of all young athletes."

athletic meet, and unusual interest is shown this year.

Close scores are not necessary in order to make a basketball game interesting. This was proven on Saturday night on the West End Y.M.C.A. floor in the Mercantile League. The first contest brought the league leaders, namely, Nellsons, and the fast junior five known by that old name of Perths. From the start the Nellson five delighted the spectators by their masterly handling of the ball and the good basket shooting. This was more noticeable in Rooney, who made many sensational shots. Franks at centre is a very aggressive player and uses his height to advantage. His shooting, while not as sensational as that of his team mate, is sure. Peer, Neilson's other star forward, found out early in the game that he could not locate the basket, so became a feeder to the others. The guards, namely, Lancaster, McHale and Cook, as usual, played a great fact that the Perths only scored one basket from the field. The score was: Neilsons 42, Perths 8.

The second contest was a failure if one was looking for a close score, but to one who went to see passing, team play, a close but not rough checking, left after the game so delighted that tha future contests will be seen if possible, for the Spalding team, under the masteriy handling of the famous basketball player, Branston, were in themselves deserving of a packed house. Individual play was not thought of, but team work was the player, Branston, were in themselves deserving of a packed house. Individual play was not thought of, but team work was the player of the game and the player on the Spalding team who outshole the others.

The C. & B. Floor Max five were handicapped by the absence of two of their best players, but Captain and Manager T. Giles will be here with the goods the next game. The game ended: Spaldings 45, C. & B. Floor Max 18.
