Civic Hydro Commission Protests Provincial Bill

(Continued from page 1.)
selling price would mean a substantial surplus.
This surplus current will be sold in the near future is practically assured.
The saving made by the citizens last year, over the 1920-23 rates was at least \$600,000, made up as follows: Seven million kilowatt hours sold by hydro in the year at a saving over pre-hydro rates of 5c per kilowatt hour—\$350,000. Five million kilowatt hours estimated sold by the Power Co. in 1926 at a reduction

forced by hydro, over their former rates, of 5c per kilowatt hour—\$250,000 \$600,000
This saving, equivalent to one-third of the total taxes paid by the citizens of Saint John, must impress everyone, particularly at the present time, with the importance of hydro to the city.
"It would seem an appropriate time again ask those who are not yet using hydro to support the undertaking that has done so much to reduce the cost of electricity in Saint John."

The operating statement for June, 1926 follows:

QUEBEC SWIMMER IN PARIS FOR RACE

PARIS, July 30—Omer Perreault, Montreal, Canadian long distance swimming champion, who will compete in the 25-mile marathon on the Seine from Corbell to Passy Bridge, Paris, on Sunday, arrived in Paris last evening.
After having had a good night's sleep, Perreault, seen this morning in the office of Hon. Philippe Roy, Canadian Commissioner-General, expressed confidence that he would give a good account of himself in the race.
Although ignorant of the course, the force of the current or the prowess of the other competitors, Perreault said he believed he would be able to equal M. Chretien's record of 12 hours of Le Brian's record of 12 hours 30 minutes in the race last year.
Perreault will use the aid of a scuba diver on the six kilometer stretch between Villeneuve Bridge and Chouy Bridge, where he may vary his stroke.

CRESCENTS A. C. IN FAVOR OF BREAK

HALIFAX, July 30—C. A. U. C. Neville and Art Robinson were elected Thursday as delegates from the Crescents A. C. to attend the annual meeting of the M. P. B. A. U. C. of C. which is to be held at Amherst on Thursday next.
It is understood that at the M. P. B. annual resolution advocating the breaking away of Nova Scotia amateur clubs from the M. P. B. will be presented, and the Crescents' delegates were last night empowered to favor the secession movement.
Some weeks ago a similar movement was started in New Brunswick, but it was short lived. Now several Nova Scotia clubs are said to favor the establishment of a separate amateur spot governing body in Nova Scotia, one that will form its own rules and regulations, without interference from the officials of the C. A. U. C. The officers and members of these clubs take the stand that the C. A. U. C. rules are framed in such a way as to make it impossible to adapt them to conditions in the Maritimes and hence the secession movement, in the amateur athletic world, is finding considerable support.

Americans Are Captivated By N. B. Scenery

CAMPBELLTON, July 30—The North Shore of New Brunswick is proving more and more attractive to citizens of the United States, and each year adds to the quota who are building summer homes here. A camp for boys has been conducted at New Mills, for about two years. Many of the youngsters are from Cleveland, and some parents have motored down to see how the boys were enjoying the beautiful scenery and experienced the glorious climate of this province, they were so captivated that they purchased land and built summer cottages here. As the years advance, it is expected that the building by Americans of summer cottages in New Brunswick will increase rapidly.

DELEGATES NAMED TOWNEASTLE MEET

CHATHAM, July 30—The Chatham Parish Liberal-Conservative Association met here last night and elected delegates to attend the county convention to be held at Newcastle next Wednesday afternoon. Twenty-nine delegates were selected.
The election of officers resulted in last year's board being re-elected to serve for another term. The officers of the association are: E. W. Wadding, president; J. Ken Broun, vice-president; J. Kirby Leggett, secretary; and John B. Bell, treasurer.

Crew Escapes As Mine Tiptle Burns

CLARKESBURG, W. Va., July 30—The tipple of the Corona Coal Company mine at Peppelburg, four miles from here, was destroyed by fire early tonight. Two miners were slightly affected by the smoke but made their way safely out of the workings.
First reports that an explosion had trapped the night crew of 24 later proved to be without foundation.

A LADY with a party of friends "visiting a stone quarry said: "And which is the foreman?" "Oh, am," proudly replied Casey. "Really?" "Oh, in your honor!"—and Casey called: "Kelly, Kelly! Ye're foiled!"

N. B. Gunners Enroute Home From Shoot

MONTREAL, July 30—Officers of the 8th, 9th and 10th Battalions of the Twelfth Field Brigade of Canadian Artillery, arrived here today on their way home from Petawawa, where they have been in camp since July 20. These men came from Woodstock, Moncton and Newcastle, N.B. They will leave tonight.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

IMPERIAL HAS BIG BILL FOR NEXT WEEK

Imperial Theatre begins another wonderful week on Monday with the First National super-comedy production "Bluebeard's Seven Wives." In this story good-looking Ben Lyon, dainty Blanche Sweet and coy Lois Wilson are the leading stars, aided and abetted by a coterie of other favorites. The story of the latter part of the week will be Gene Stratton-Porter's perfect mix of sweet and wholesome domestic romance "The Keeper of the Bees," read in its novel form from the book stores, along with both these shows through-out next week will be Ethel Munro, Sparks Wood and the shrewdly-looked-for teller of funny stories and imitator of domestic spats etc. She is Miss L. L. Hathaway, who has been heard at every show.

How Can They Afford It?

Their income was so, so. Their Furniture—magnificent. Everybody wondered—"How did they manage it? Why on earth did they come to spend so much money just on Furniture?"
In time 'twas hinted directly in conversation to the young couple themselves.
And here was their reply—"We might have spent our savings on a car. But in time there would be no more car, and always the car eats up what you save. You use it only part of the year. Our Furniture makes us happy EVERY DAY of EVERY year while we live. Once paid for it costs nothing to keep up—we learned to live below our income while paying for it and since then we find it easy to save money for Bonds."
