If you want healthy, sturdy children, you must provide them with the right kind of food. At the same time it must be food that they enjoy.

The value of Cocoa as a beverage for children cannot be too strongly emphasized. It is both food and drink. It not only provides the hot drink which children crave, particularly in the winter, but it is rich in concentrated nourishment.

Often a child will refuse milk when it is essential to his health. Give him Cocoa and he loves it, and gets far more of the requisite nourishment than he would in a glass of milk.

Cowan's Cocoa, made in Canada, is prepared with an understanding of the requirements of Canadian children, and the mother who gives it to her children every day, is helping them to develop strong, healthy bodies and to withstand cold and illness.

HOSPITAL AID ELECTS OFFICERS

At the meeting of the Women's Hospital Aid Association, held yesterday afternoon in the board of trade rooms, Prince William street, the work of the past year was reviewed and the records show a remarkable growth, there now being 2,000 members enrolled and a sum of \$1,522.20 in the treasury. Mrs. E. Atherton Smith, the president; Mrs. J. Boyle Travers, the secretary; and Mrs. C. F. Sanford, the treasurer, were each re-elected by acclamation, and Mrs. J. Verner McLellan was elected vice-president at large, and denominational vice-president for the Methodists. Mrs. J. Boyle Travers, the secretary, submitted her report, in which she told of the good work done by the aid through its various committees. She also mentioned that the epidemic hospital had not been neglected as from time to time the committee has provided special delicacies. The entertainments at Christmas in the various hospitals were also mentioned. The untiring efforts of the aid in impressing upon the municipal council the need of a nurses' home and the fact that their efforts were not in vain, was also mentioned. Much pleasure was expressed by the meeting that such an addition will be made to the General Public Hospital. Mrs. A. C. Skelton, in the absence of Mrs. J. Duncan Smith, convener of the House committee, read the report. Mrs. May Travers, of the magazine committee, in her report mentioned that a book case was presented by Mrs. H. A. Powell and that the magazines each week are the gift of C. A. Munro. The various denominational vice-presidents reported that satisfactory work had been done by them during the year. Mrs. E. Atherton Smith, the president, addressed the members in which she mentioned the next goal to aim at was the furnishing of the nurses' home, which would probably cost about \$80,000.

Thanks to the board of trade were expressed to R. E. Armstrong in person, and also to others, Mr. Munro, Mrs. A. P. Crockett, Mrs. A. C. D. Wilson, Mrs. E. T. Sturdee and Mrs. Macdonald. PIGEONS SMUGGLE

DRUG OVER BORDER

Rochester, N. Y., Feb. 27.—A flock of carrier pigeons is now bringing drugs to recent apostles of J. Barleycorn, the police have been told.

The pigeon man is said to be in touch with a Canadian who lives not far from Toronto. The man ships a coop of carrier pigeons to his Canadian friend, who in turn "roads" the birds for passage across Lake Ontario into the United States. It is claimed that during the past week no less than forty pigeons have arrived at their home stations, and that attached to a leg on each bird was an ounce of cocaine, "worth \$12 an ounce at wholesale."

Since the prohibition era has dawned in Geneva and vicinity, many persons have observed that something has been obtained by certain characters stronger than hard cider.

Mrs. W. C. Good and Percy Reid conducted a sing-song for the members of the Boys' Club last evening. Marlborough Lodge, Sons of England, provided refreshments, which were served by Roy Handren and D. A. Ramsen.
