FOOTBALL

High School 14, Rotheray 0.
St. John High School defeated Rotheray by 14 points to 0 in the opening match of the interscholastic rugby series, yesterday afternoon on the Marshfield grounds.

Captain Donnelly starred for the local team.

Player Killed.

Milwaukee, Oct. 13.—Milwaukee's first football fatality for the 1914 season occurred yesterday when Carroll Olsen, twenty years of age, died in a local hospital from concussion of the brain, the result of injuries received in a game. The young man was injured early in the contest, but he resumed play and finished the game, collapsing afterwards.

THE RING.

Pelky a Winner.

Arthur Pelky, the Canadian heavy-weight champion, knocked out Frank Pagony, in the fifth round of a ten-round bout at Plymouth, on Friday night.

Chip-Clabby Bout Oct. 30.

Los Angeles, Cal., Oct. 14.—George Chip and Jimmie Clabby will fight in San Francisco the night of October 30 to determine the middleweight championship of the world, according to Chip's manager, who said today the boxers had come to terms. They will weigh in at 158 pounds at 6 o'clock. The contest will be for 20 rounds.

Houck Outboxed.

New York, Oct. 12.—Frankie Fleming, the Canadian featherweight champion, scored a decisive victory over Tommy Houck here on Saturday night before the Fairmont Athletic Club. Fleming gave Houck the worst beating that he has ever received, forcing the fighting at all times. He persistently used his left to advantage while his right crossed scored time and again. When Houck left the ring he was badly cut up from the punishment he received while Fleming was unmarked. Houck weighed 125 pounds and Fleming 128.

Ritchie-Dundee Bout, Oct. 23.

San Francisco, Oct. 14.—Willie Ritchie and Johnny Dundee were signed here today to box four rounds the evening of October 23. This will be Ritchie's first match since he was defeated as lightweight champion by Freddie Welsh, of England.

AQUATIC

Livingston Won

The annual Columbus Day Regatta of the N. E. A. B. A. was held on the Charles River Basin course, Cambridge side, when five winning races furnished exciting competition for the contestants and much excitement for the crowd perched along the sea wall and on the West Boston Bridge.

Harry Livingston, representing the Riverside Boat Club on the senior single scull race, carried off the honors in that event, defeating Doctor Ayer of diamond scull fame and Paul Whittington, who won this event a year ago.

BASEBALL

Johnny Evers' Auto

Just before play began in the World's Series game at Fenway Park on Monday the Chalmers car, awarded by the Chalmers Trophy Commission to Johnny Evers as the most valuable player to the team in the National League was driven on the field. In the car were Harry Pyke of Boston, personal representative of High Chalmers of Detroit, donor of the trophy, who is recovering from illness in Minnesota and Ren Mulford Jr., of Cincinnati, chairman of the Chalmers Trophy Commission.

"Captain Johnny," said Chairman Mulford, "you have been through a season of record-breaking achievement, and to you comes the trophy from High Chalmers, lover of baseball. You have won it in fair competition by fifty points given to you by the commission of representative newspaper men, a margin of six points over your nearest competitor and associate 'Rabbit' Maranville.

"Congratulations most sincere go with this trophy from the donor who is absent through no choice of his own. Good luck."

Baseball and War

The effects of war are felt in the least expected places. All baseballs that cost more than twenty-five cents are covered with Russian kopecks. The climate and the exposure to which the horse of the Russian steppes is subjected give his hide peculiar toughness that makes it so difficult to hit with a bat.

Without fans in crowd
A Boston street car official, who said he had the lines counted, said that there were 9728 men, women and boys in the five lines of red-hot baseball fans who were waiting at the gates at seven o'clock on Monday morning to buy tickets for the big World's Series game.

A great many of those had taken their places in the lines at noon Sunday and had remained at their posts all through the afternoon and night, shifting from one foot to the other, dropping to sitting posture at times and pending the slow-passing time by singing songs and cracking jokes at the expense of each other.

It was a chilling night and those who did not bring heavy wraps, fur coats, boxes and campstoves to sit upon and a pocket lunch to munch when they became hungry, suffered considerable torture as the result of their desire to secure seats at the game.

Women—and sensible women at that—were there and they, too, remained through the chill of the night, just to be

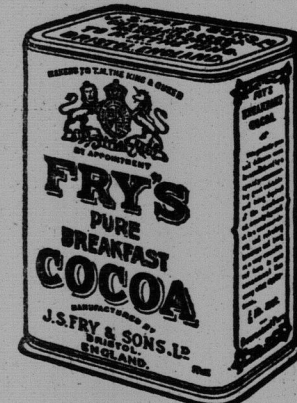

sure to secure seats when the sale began at 9 a. m. But the women proved far more enduring than the men. They smiled and kept awake throughout the long night, giving cheer to the men about for their very presence was an inspiration to those fortunate as to be near them. Two of the fair fans were Mrs. Mary Smith of Toronto and Mrs. H. C. Bregg of Syracuse, N. Y.

"An Extra Run"
on
FRY'S
COCOA

RUNNING a big Mogul on schedule time is about as complete a brain, sinew and nerve test as a man could want. So when the order comes for "An Extra Run," that engineer is wise who fortifies himself with a cup of FRY'S COCOA. FRY'S, because it builds for "nerves of steel." It's such a splendid food as well as a delicious beverage.

Drink FRY'S regularly yourself and note the vigor it imparts.

Two of the fair fans were Mrs. Mary Smith of Toronto and Mrs. H. C. Bregg of Syracuse, N. Y.

Collapsed in the Line

Edward Conney, 85 years old, of Revere, one of the fans standing in line to get a good admission seat at Fenway Park collapsed on Monday morning and was taken to the City Hospital. The surgeons said that Conney was suffering from exhaustion. He was not able to see the game. Joseph C. Bourke of East Boston, aged 18 years, while waiting in line to get a seat was overcome by a fainting spell and had to be taken to the City Hospital for treatment. It is supposed that he had been in line for some hours.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietor has so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BABY FOUND IN GUTTER

New-Born Infant Will Probably Survive

London, Ont., Oct. 14.—A male infant which, according to physicians and the police, was born in the street, was found in the gutter in York street, near Talbot this city. The child, which was about an hour old when discovered is now at Victoria Hospital, and will probably live. There had been no medical attention at the time of the birth.

MANAGER MONTREAL BANK IN SPOKANE

Chatham Gazette.—Mr. Dick has received word of his appointment as manager of the Bank of Montreal branch in Spokane, Wash., and will leave for the western city as soon as he can conveniently move. His place here will be taken by A. E. Taylor, of Enderby, B. C., who is a brother of the general manager, Sir Frederick Taylor.

DRUGS EXCITE YOUR
KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In twenty-four hours they strain from it 400 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

AS GEORGE SAND SAW

THE FUTURE IN 1871

The London Times recently published a letter written by a famous French literary woman, George Sand, in September 1871, which bears testimony to her foresight and penetration. In the light of present events its reproduction is fully justified.

"The time is soon coming when we shall have as much cause to pity the German people for their victory as ourselves for our defeat. The German

triumph is for Germany the first act of her moral dissolution. The tragedy of her fall has begun, and as she works at it with her own hands it will proceed apace. All these great material organizations which defy right, justice and the sense of humanity are so many idols of clay; it is our duty and our interest to realize that. That is the truth. But the moral downfall of Germany is not the future salvation of France, and if we are fated to do to her as she has done to us, her ruin will not restore us our life. It is not in blood that races can renew their youth. Streams of life may yet come from the corpse of France; the corpse of Germany will be a plague centre for all Europe. There is no restoration for a nation which has lost sight of the human ideal."

THE LATE EDGAR S. READE

(Ottawa Journal)

Edgar Seymour Reade, president and general manager of the Canada Lands Limited, died at his home, 812 Cooper street on Saturday evening, following an illness lasting eight weeks. He was one of the most prominent business men of this city, and he will also be missed in religious and philanthropic circles. Deceased was fifty-two years of age.

The late Mr. Reade was born at Point de Bute, New Brunswick, and his great-grandfather, Lt.-Col. Reade, fought under General Wolfe at Quebec. He was educated at the New Brunswick Provincial Normal School and Macmaster University, Toronto. He commenced his business career in Toronto in 1892. He was then dealing in stocks and bonds and assisting in the organization of several industrial and financial institutions.

In 1896 he organized the T. Lindsay Co. in Ottawa. This company later became the A. F. Rea Company. In 1910 he promoted the Moose Jaw Electric Railway Company. Two years later, he, in conjunction with Sir Henry Bate, E. L. Newcombe, Mr. Collingwood Schrieber and Thomas Mulvey organized the Canada Lands, Ltd.

He was a member of the First Baptist church and was on the board of directors of the Y. M. C. A., a member of Dore Lodge and Carleton Chapter, R. A. Ottawa, and the A. F. and A. M., and was connected with a Toronto lodge of the Canadian Order of Foresters.

He was actively interested in the Ottawa Hunt Club. He was also interested in the Ottawa Hunt Club. He was also interested in the Ottawa Hunt Club.

The late Mrs. Ellen Phillips Samuel left \$500,000 for the erection of a statutory on the banks of the Schuylkill River in Fairmont Park, Philadelphia.

TO CHECK OFFICERS' LOSS

All Stripes and Sign of Rank Abandoned

Paris, Oct. 14.—A despatch to the London Express says that a French officer just returned from the war base says that about ten days ago orders were given that the army should abandon all stripes and signs of rank and that officers should carry rifles in the firing line. This change has been imposed in consequence of the heavy loss among officers.

ALL ENDORSE THE
BLUENOSE BRIGADE

Dalhousie Students Are Taking a Great Interest in The Movement

(Halifax Echo)

As the proposal to form a Nova Scotia infantry brigade for service on the continent becomes more widely discussed, the approval expressed when the idea was first mooted everywhere increases. For Nova Scotia to send a complete brigade of her sons, organized to represent every portion of the province is a big undertaking, but the endorsement it has everywhere received is a sure augury of success. Provincial regiments are in progress for formation in various parts of Canada and a French-Canadian brigade is one of the possibilities for the second contingent, but nowhere yet has a purely provincial brigade been suggested. The suggestion has undoubtedly made a strong appeal to popular fancy and with scarcely an exception, the desire to see four regiments raised in this province representing every section of it from Cape Sable is widespread and unanimous.

Offered Their Services

Given a chance the three Halifax regiments would volunteer almost to a man. In fact it is generally understood that the 1st Canadian Artillery and the 6th Fusiliers have already offered their services en masse. All the city corps are exceedingly keen to go, and there seems to be some hope that a portion at least of the infantry regiments will be given their chance for the front. There would be little difficulty in recruiting them up to full strength for active service as Halifax has many men eager for the front.

The Dalhousie students are taking great interest in the movement. A plan is under way there now to raise several companies of infantry for training this year, and if the provincial brigade is authorized, there is every probability that Dalhousie will be represented by a unit in it. If they do not take advantage of the proposal made them by McGill to raise a company for service in the proposed university battalion.

Everywhere that the formation of the brigade is discussed, it is in the same spirit of complete realization of all that will be involved in going to the front. Nova Scotians fully realize that it is no picnic, that they will be exposed to the greatest hardships and risks, but this does not affect in the least the popular determination to carry the scheme through. There are a few people who think the scheme is a trifle ambitious and that it will be impossible to raise Halifax, Cape Breton, Central and Western regiments, but these are greatly outnumbered by those who feel confident the required number will be easily secured and that a few weeks after the plan is authorized the four thousand men will be drilling together.

WANT DRIVING PARK FOR LOCH LOMOND FAIR

Many guests of the Agricultural Society at Loch Lomond were entertained at a dinner in the Ben Lomond house after the fair yesterday afternoon. Commissioner Wigmore was the speaker of the evening and promised to bring before the other members of the city council a proposal made by Squire A. F. Johnston, that a driving park should be fitted up on the city's property near the hall. He also said that he had planned to make many improvements near the source of the city's water supply, making it still more beautiful than at present, but stated that at present the department was spending all the money available repairing and extending the water system in the city. The success of the fair was largely due to the efforts of A. F. Johnston, secretary, and W. T. Boyle, president of the association.
