12. Remarks: (Here note any Petition or representation other than in Item 10 but if Item 10 has been omitted so state, and show here any mitigating circumstances)

Two months after enlisting accused went home on pass. His wife was living with his parents as she was alone with one child and another en route. His wife and parents could not get along and he decided to move her out, particularly as she was highly nervous. He rented a piece of timber land and moved out there and remained cutting wood for about 4 mos when the child was born. At that time he intended to return to unit but wife became hysterical whenever he brought the subject up so he remained where he was living "always in fear".

13. Recommendations: (State by whom made, e.g., CMHC, DOC Reviewing Offr, etc).

Rev. Offr: Whereas the grounds in mitigation are presumed to have been considered by the court and a lesser punishment therefore awarded, no remission is recommended.
