Rev. Mr. Cornwall preached his farewell sermons on Easter Sunday. In the morning his discourse was particularly addressed to the church members, and notwithstanding the heavy rain storm prevailing, a large number were present. The evening discourse took in the church and congregation, and owing to the cleared atmo a large audience was in attendance among which were members of various other churches. The speaker's words were based upon the text, "For I have not shunned to declare unto you the whole Gospel," his message being earmest and heartfelt, an especial appeal being made to the unconverted in bouching earnestness. Mr. Cornwall leaves St. Martins with the best wishes of the entire community, and leaves behind a clear record of an earnest, faithful minister, and a citizen pos-messing all the qualities of Christian

The members of the Roman Catholic church held a very successful pie social last evening in the Masonic hall. Music and dancing served as entertainment The pies sold rapidly and a handsom sum was realized towards church purposes. Father Coughlan, the resident olergyman, is very popular not only among his own people, but in the com-

munity. The sad drowning accident at Salmon River a few days ago, whereby Aubrey Roy, a young man respected by all who knew him, so suddenly lost his life, has cast a gloom and adds another to the already long list of young lives in St. Martins thus suddenly removed. Aubrey leaves a father and two brothers to mourn their loss. His mother died quite suddenly some years ago.

DEATH OF RANDOLPH YERXA.

FREDERICTON, April 1.—Word was received, his morning of the sudden death at Amesbury, Mass, of Randouch Yerxa, son of Ludlow Yerxa, and brother to Mrs. (Rev.) F. Clarke Hart ley. Deceased was formerly in the grocesy business here and leaves a wife and three children residing here.

The Cause of Nervous Headache This most distressing and comm malady doubtless has its origin in some unbalanced condition of the nerwous system. Probably the simplest safest and most effective remedy is Polson's Nerviline. Twenty drops in sweetened water gives immediate re-lief, and this treatment should be supplemented by bathing the region of pain with Nerviline. To say it acts quickly fails to express the results old everywhere in large 25c. bottles.

The last representative of an old and prominent St. John family died Tuesday at the Home for the Awed in the person of Miss Mary Lydia Wheeler daughter of the late Zalmon Wheel at one time cashier of the Bank of New Brunswick. The deceased was great aunt of W. J. Starr, who is her sole surviving relative. She was well and favorably known to the older residents of St. John and was one of the oldest members of Trinity where she worshipped regularly for many years.

The death occurred Tuesday the residence of his son, W. J. Lawson, 165 Metcalfe street, of William Lawson, formerly of English Settlement, and had been living in St. John for the last three years. Besides his son William he leaves three other sons, D. M. Lawson of St. Andrews street, St. John; A. C. M. Lawson of Salisbury, and Adam M. Lawson of Rhode Island; and two daughters, Mrs., Bessie A. Gamblin of English Settlement and Mrs. Hannah Gamblin of Collina Corner, Kings Co. His remains were taken to Annidale Station on the Central railway on Thursday, and thence

to his old home for interment. On March 26th, Mrs. Henry Smith of Salina passed to her reward, at the age of 86 years. She was born in Scotland on the estates of the Earl of Breadelbane, and came to this country with her father in the year 1816. She was a woman not given to filthy lucre, but a lover of hospitality, a lover of good men, soher, just, holy, temperate, holding fast the faithful word as she had been taught. She had been troubled for 16 years with nerve rheuma ism, which she bore with patience and fortitude. On Friday afternoon a large number of people came to the residence of Alexander Campbell to pay their last tribute of respect to the deceased and from the house they went to the church, it whose yard she now lie buried with her husband.

MARCH WEATHER.

meteorological condition throughout March were unexecptionally mild and spring like, the average temperature for the month being 35.9 against 29,8 for the same month last year, and a general average for March of 28.3 degrees. The highest this year was 49 on the 22nd, and the lowest 10 on the 9th. Last year the highest was 48.7, on the 22nd, and the lowest 1.05, on the 3rd. The total precipitation which includes rain and snow measured as rain, was for March this year greatly in excess of the average, the total being 8.90 inches. The average for March is 3.90 inches, and the meas urement for last year 3.21 inches From the 1st of the past month until the 6th bare ground prevailed, and there has not been a trace of snow on the ground since the 12th. March opened last year with 12 inches of snow on the level. AUTHOR OF BEN BOLT.

Thomas Dunn English Died Yesierday in Newark, N. J.

NEWARK, N. J., April 1.—Dr. Thomas. Dunn English, author of Ben Bolk died at his home in this elty today. He was born in Philadelphia in 1819, and graduated from the University of Pennsylvania as, a, doctor of medicine in 1898.

No more fitting epitaph could be placed on Thomas Dunn English's tomb than this: "He wrote 'Ben Bolt.'" The song appeared in the New York Mirror, N. P. Willis' paper, in 1843, and is known the world over. Du Maurier's "Trilby' revived interest in it a few years ago. The velexan poet, physician, lawyer and ex-congressman celebrated his eighty-second birthday in Newark, N. J., last June.

Don't you remember sweet Alice, Ben Bolt, Sweet Alice whose hair was so brown; Who wept with delight if you gave her a smile And trembled with fear at your frown? In the old churchyard in the valley, Ben Bolt, In a corner obscure and alone, They have fitted a slab of the granite so gray.

"I sell him cheap!"

YOU can judge the value of an animal and most articles in commerce by appearance and price. — With Seeds it is different.—Any Seed must be valued by what it will grow and not by a "cheap" price.

Poor Seeds are those of uncertain growth and product—they are as valueless as the broken-down mule. It is extravagant waste to use them. "Cheap" Seeds may give greater profit to the seller but the user is the loser. "GOOD QUALITY" in Seeds is the foundation of worth—it is the result from selecting and improving strains, together with care and intelligence in growing and means success to the user.

In the last court of review, when the sun steps forward and says, "I was created to shine and have shone as I was commanded to do." Then man will step forward as vain just as vain as he was on earth, and say, "Here am I. I have civilized the world; I have builded palaces for the rich and cottages for the poor; I have bridged rivers and tunnelled mountains." And by the side of that man in that day, will stand another grander, more beautiful than he; she who walked by his side, who nursed him is sickness, and caressed him in her love, who wept over him in his fears, who shared with him all his trials. COLONIAL WIT.

Towards the end of last month, says a writer in Today, the Railway Pioneer Regiment (a volunteer force composed of mining Towards the end of last month, says a writer in Today, the Railway Pioneer Regiment (a volunteer force composed of mining and mechanical engineers from the Rand) were engaged in constructing a "deviation" line at one of the many drifts where De Wethad busled himsel; in converting the bridge into scrap-iron. Close by the river was a large "surprisingly clean" Boer farm house, which was promptly occupied by the corps commanding officer, an uitlander, whose yearly salary at Johannesburg in ante-bellum days ran into thousands of Oom Paul's sovereigns. A whisper as to his comparatively luxurious quarters reached, in an evil moment, over-crowded and comfortless Bloemfontein, and before many hours the colonel was favored with a service telegram which read: "The D. O. R. wants your house." The erstwhile Randite, puzzled beyond measure, handed the cryptic message to his adjutant, who, after much searching which read: "The D. O. R. wants your house." The erstwhile Randite, puzzled beyond measure, handed the cryptic message to his adjutant, who, after much searching of a fortunately available Army List, gave as his version that "the director of railways, Colonel Girouard, is going to commandeer our house." "Will he?" said the indignant Anglo-Afrikander; "no bully 'blue-nose' is going to turn us out on the veldt. If he can sling round a bucketful of capital letters, so can I. Just telegraph back 'The D. O. R. can G. T. H." The next day he received another communication from the Orange Colony's capital, ordering him to present himself before a board of inquiry. At it he was requested to explain what he meant by forwarding such a grossly insulting message to an imperial officer of high rank. "There must be surely some terrible error in transmission," said the innocent person from the Golden City; "I hope I am incapable of insulting any brother officer, and" (with an infinitessimal contraction of his left eyelid) "least of all a brother colonial." "But," said the president of the board, "your wire runs, "The D. O. R. can G. T. H.' Now, telling anybody to go to that region means in the service a court martial." "Quite so," responded the colonel, "but you see the message meant, 'The Director of Railways can Get the House!" 'Tableau.

ST. PAUL, Minn., April 2.—The Great Northern lifted its blockade early today, bringing in its overland train from the Pacific coast in three sections. The Northern Pacific blockade from the floods was nearly as long as its recent snow blockade, which lasted one week. The interruption of traffic was the longest the system has ever sustained. In the meantime the Canadian Pacific has been running as usual.

A ST. JOHN MAN'S SUCCESS.

The many friends in this city of James W. Gerow, for years captain of the late ship Minnie H. Gerow, and son of George W. Gerow, auctioneer, will be pleased to hear that he has been appointed manager of the United Cigarette Machine Co., Ltd., an English concern with a capital of £750. 000, with headquarters at Lynchburg, Virginia. The Lynchburg News of March 27th says in its report of the annual meeting: "A dividend of 5 per cent. was declared. The audited accounts showed that after the payment of this dividend there will be left on the net earnings an undivided surplus of something over 26,000 pounds sterling. . . At a board meeting held immediately after the adjournment of

the shareholders' meeting, Captain J. W. Gerow was elected chairman of the company for the ensuing year." This is pretty quick promotion, and speaks volumes for Mr. Gerow's ability. He went with the company last July, in three months was made superintendent of the machine shops; a little later an American secretary; a month ago was elected a director of the company, and is now its chairman, or president.
