Five to eight bottles are warranted to cure the worst case of scorfula.

A benefit is always experienced from the first bottle and a verfect cure is warranted when the above quantity is taken.

Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in everyease. So sure a water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me sueprising; first that it grows in our-pastures, in some places vuite plentiful, and yet its value has never been known until I discovered it in 184 -second. that it should cure all kinks of humor In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold abiut six bottles per day—in April, 1334, I sold over one thousand bottles per day of it.

Although the Branches have been in operation only for a few months, the transactions have already been considerable, as well as of a most satisfactory description.
