VEGETABLE LIFE PILLS

These medicines have long been known and spyreciated, for their extraordinary and immediate powers of restoring prefect health, to persons suffering under nearly every kind of disease to which the human frame is liable.

In many bundreds of certified instances, they have even rescued sufferers from the very vergo of an untimoly grave, after all the deceptive nostrams of the day, had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared recly less than miraculous to those who were equainted with the heautiful philosophical prines upon which they are compounded, and upon the half of the compounded, and upon which they are compounded, and upon the half of their name, which was bestowed upon them at the spontaneous request of several individuals whose lives they had obviously awed.

The Proprietor rejoices in the orportunity afford ed by the universal diffusion of the daily press, for placing his VEGETABLE LIFE PILLS within the knowledge and reach of every individual in the community. Unlike the host of permicious quackeries, which boast of vegetable ingredients, the Life Pills are parely and solutily vegetable ingredients, the Life Pills are parely and solutily vegetable ingredients, the lafe Pills are parely and solutily vegetable ingredients, the lafe Pills are parely and solutily vegetable ingredients, the animal intention of the amal intestines. Other medicines only partially cleanse these, and leave such collected masses behind, as to produce habitual costiveness, with all its train of evits, or sudden diarrhora, with its eminent dangers. This fact is well known to all regular anatomists, who examine the human bowels afjer death; and hence the projudic of these well informed men against the quack medicines of the assument dangers. This fact is well known to all regular anatomists, who examine the human bowels afjer deat
