R. J. ARMSTRONG, Manager.

The New Year opened auspiciously so far as social amusements are concerned and there has scarcely been a day this week which has not witnessed some pleasant little gathering. Last week too had its share of gaiety, so with one thing and another there is little cause to complain of social dullness. Mrs. Geo. F. Smith's tea last Friday was largely attended despite the severe storm which prevailed, and the ladies who braved it will be glad to say that they were not disappointed. The tea tables were beautifully decorated, and the young ladies who assisted the hostess did all in their power to make the gathering one to be remembered.

During his stay in town Mr. Simeon Jones was hospitably entertained. At a winter party given by Mrs. Kate Jones last Thursday he met many of his old friends. Mrs. George Jones gave a dinner in his honor on Tuesday evening to a small but thoroughly congenial party. The table decorations were very pretty and tasteful.

Mrs. E. I. Simonds entertains her friends at a tea this afternoon from five to seven o'clock. At the Mission church hall, Paradise Row, Miss Church gives the first of her series of talks on music. Musical people are anticipating much pleasure from these events.

An event of social as well as musical importance is anticipated in the concerts by the Redpath Concert Company on February 1 and 2, under the local management of Mr. Fred Spencer. The personnel of the company is unquestionably the best ever brought to this city and includes Eleanor Meredith of New York, soprano, Mary Louise Clary, Contralto, E. C. Towns, tenor, and Carl Duff, basso. The pianists are Miss Fisher of Chicago and the violinists Miss Helen Von Farsch of Germany who came to Chicago about a year ago. Such an event cannot fail to create much interest and Mr. Spencer will undoubtedly duplicate former successes.

The marriage is announced to take place in Trinity Church next Wednesday at 2:30 o'clock of Miss Margaret Holden daughter of Dr. Holden, and Mr. A. G. Blair, Jr.

The Young People's ball having taken place on Friday evening of last week, I was unable to go into details, and the list of those present was about the only thing possible to publish in connection with it; it is however an event of too great importance to pass over in that way and it is therefore pleasing to say that the guests were unanimous in their verdict that the ball was one of the most brilliant and enjoyable events that has taken place for a long time.

The dancing facilities were excellent, and consisted of sitting out hooks were arranged a minority of the dancing, supper rooms and the hall. The floor was glass like in its smoothness and Harrison provided the most enchanting dance music for the following order of dances.

In the supper room the decorations were in pink and green, while pretty colored lights and candles were generously used. The hall room walls were draped with flags, mistletoe and evergreen were effectively brought into play, being combined in a huge wreath which was suspended from the ceiling.

Despite the severe storm which prevailed there were a large number of guests present, and many new and pretty gowns graced the occasion, of which the following were noted particularly:

Mrs. W. F. Harrison wore a handsome gown of silk with heavily trimmed with lace and jet. Mrs. George West Jones, rich black silk gown, had a sprig of trimming effectively arranged.

A lovely and becoming pink silk with black trimmings enhanced Mrs. Charlie Harrison's always lovely appearance. Mrs. Stuart Skinner also wore pink silk prettily arranged with black lace.

Mrs. (Capt.) Foster received her wedding calls on Thursday and Friday of this week at her home on St. James street. The particularly severe storm of Monday night did not prevent the Monday evening Skating club from holding its first meeting at the Queens rink, nor did it interfere in any way with the enjoyment of the rink. About one hundred skaters were on the ice and many spectators watched their graceful work from the promenade. The music by the A. H. lery band which besides the ten regular numbers included a set of dances, which was very successfully skated through by those who took part. A little after nine o'clock the tea room was opened and made a cosy little retreat for many at intervals during the evening. Mrs. E. T. Sturdee, Mrs. W. W. White, Mrs. P. Thomson and Mrs. Rankine, presided and they and their assistants were kept busy until eleven o'clock dispensing fragrant hot coffee. The first meeting of the club was decidedly successful and pleasant and the members are anticipating a most enjoyable season. They met on Wednesday morning to pass for the figures of the lanterns and one or two other little things in which they and themselves are taking part. Quite in the nature of a social function was the annual treat and Christmas tree at the Reform school on Tuesday evening. A large number of guests were conveyed out in two large sleighs; the short drive to the school was thoroughly enjoyed, as the night was delightfully fine and mild and the party beguiled the time in merry chat and social intercourse. The school building was as festive for the occasion and the decorations were exceedingly pretty and tasteful. Lady Tiler, who has a deep interest in the institution, received the guests in her charmingly graceful manner, and was assisted by a bevy of young ladies had been hard at work all day decorating a large Christmas tree for the pleasure of the boys of the school. Later in the evening the tree was divested of its generous supply of gifts and the boys were made happy in the possession of presents that delighted both boys and girls, the useful being happily combined with those that will assist in the amusement of the boy during the winter evenings. It was quite half past ten o'clock before the speech making was concluded and then refreshments were served. The return drive was exceedingly pleasant and the city was reached about midnight.
