

HEATH HALL RE-OPENED WITH PRAYER

Popular Hotel At Hampton Again Open For Business Under The Management Of Mr. Wm. Langstroth.

Hampton, May 11.—Heath Hall, at Hampton Station, renovated, improved, embellished and renamed, was the scene of a most pleasant gathering this afternoon when Mr. and Mrs. William Langstroth, the new host and hostess, gathered about them a large circle of friends many of them coming from St. John and introduced them to the handsome and comfortable apartments now provided for summer boarders and travellers in general. At 3 o'clock the Rev. Dr. Evans called the ladies and gentlemen together in the reception room and commencing with the opening of the hotel, proceeded with its beautiful scenery and surroundings.

He also congratulated Mr. and Mrs. Langstroth upon the fact that they had displayed in the garbishing and furnishing and closed with a fervent prayer for God's blessing upon them, and all who should rest beneath their roof. At the close he declared the hotel formally opened under the name and style of The Wayside Inn. Its outfit, suites of rooms, dining room, parlors and chambers are in keeping with the new name so that patrons will find here all the comforts of the home and the added charm of rubbing shoulders with the citizens of the wide world. All the guests today inscribed their names in the new hotel register. A further party mainly of residents, is being entertained this evening and the hotel well lighted up, presents a splendid appearance.

CHATHAM MEN PROTEST SCOTT ACT ENFORCEMENT

Hotel Proprietors Declare That They Will Have to Close Down Unless Old Order is Resorted to.

Chatham, N. B., May 11.—At a meeting of hotel proprietors today the matter of closing hotels was discussed but no definite decision was arrived at. If the closing takes place Newcastle as well as Chatham hotels will all close.

With the Scott Act being forced to the limit proprietors say it is impossible to make both ends meet and they must make good on their part. Chatham has seven large hotels all catering to the travelling public as well as several smaller ones, and when the bar proprietors wish to go behind in finances to greater or less extent.

The chief of police has served notice on the hotels that if the regulations will be treated in first, second and third order, and the last means fail, so for several days the town has been dry, as no proprietor wishes to take any chances. As yet the pocket bare have not begun to flourish, but the police have their eyes open. The hotel men say they will have to close their doors if the water rates they pay over \$5,000 to the town's finances yearly, not included in Scott act fines.

As the total amount is \$38,000, this forms a considerable portion. The loss to grocers in the event of the closing will be heavy, as practically all supplies are bought in bulk. What provision will be made for the travelling public in case hotels are forced to close has not yet been discussed, but as commercial and tourist traffic during the summer is always heavy.

NEWS OF THE DAY

Port Arthur, Ont., May 11.—Bush fires are raging in the district surrounding Nola, on the King's Highway. A telephone message was received last night by Crown Timber Agent Oliver, asking help. No loss has been sustained by owners as yet, but these are hourly threatened.

Winnipeg, Man., May 11.—A man 35 to 40 years of age and well dressed was instantly killed on the main street. A C. P. R. switch engine at the foot of Grant Street. He must have been lying asleep with his head on a rail, as the head is coming away. There is nothing on the body to give a clue as to his identity.

Kenmare, Sask., May 11.—With a rope tied about his feet, Knute Anderson jumped head-first into a well on his farm at Estevan today, to rescue his two-year-old son Walter. Hanging with his head just above water, Anderson managed to grasp the child, remaining in that position twenty minutes until his wife brought help. When the neighbors arrived it was found necessary to enlarge the well opening in order to pull Anderson out with the child in his arms.

Toronto, May 11.—Guilt with a recommendation to mercy, was the verdict returned last night by the jury in the case of Pasquale Ventricelli, an Italian laborer, charged with stabbing to death Raffaele Fabbio, a countryman, who interfered in a quarrel which had arisen among a number of Italians over a keg of beer. Justice Riddell deferred sentence until today.

His lordship remarked, in dismissing the jury, that the case is a large one. He had tried only one involved a native born Canadian, and in that one case the unfortunate man was not responsible for his death. He had tried other cases involving natives and other nationalities, English, too, I am sorry to say, said his lordship, "and it is a matter of pride to me that, in only the one case referred to was the prisoner a native of Canada."

Calgary, Alberta, May 11.—In an interview Secy. McHugh, of the grain exchange, discussing Alberta crop conditions, said, "Fully fifty percent of the winter wheat has been destroyed in the southern part of Alberta as a result of the extreme dry weather this spring. The majority of farmers who sowed fall wheat are now engaged in ploughing it up and making preparations for seeding spring wheat in its stead."

ANTI-CLERICAL VERDICT IN SPAIN

KING ALFONSO, WHOSE MINISTRY WAS RETURNED.

Paris, May 11.—While France is completing the official count of the recent election and noting with surprise the complete collapse of the clerical-reactionary combination, the people the other side of the Pyrenees have rendered a verdict at the polls that the Spanish extremists are not worthy to be entrusted with power. The Spanish elections of last Sunday appear to have given the Liberals a good working majority in the Cortes. The Liberals are divided into several groups, and fuller details are required to demonstrate the ability of Premier Canalejas to carry out his programme of reform, which includes the extension of popular education. Though this point is still somewhat in doubt

PROPOSED REVOLUTION AT KING'S COLLEGE

(Continued from page one) under the age of twenty-one years, the members of the alumni. The Alumni Committee advised that steps be taken to install an electric plant which would furnish current for laboratory work and supply light for the college buildings and the Collegiate school. This scheme was received with approval by the meeting which will be the coming term next year. King's will probably own and operate her own electric plant.

The Collegiate School was reported to be in a most satisfactory condition as regard financial affairs, and the number of pupils in attendance. This year both the residences of the school are filled and extensive additions have become a necessity.

The membership of the Alumni Association was reported as 418. Announcement was made last evening that the late Charles Wilcox, M. P., had left the sum of one thousand dollars to Kings. This with the one thousand dollars collected by H. L. Jones will probably be used for improving the science course.

This afternoon the annual meeting of the Women's Auxiliary of King's College was held. This society is guaranteeing the salary of the Alexander professor of Divinity, and hopes to be able to contribute to the Engineering School.

Tomorrow is Encenia day, and large numbers of graduates are gathering for a special meeting of Convocation held this afternoon it was announced that the following honorary degrees had been granted and would be conferred at convocation tomorrow. Doctor of Divinity, Jure digno, Dean Schofield, Fredericton; Doctors of Civil Law, Rev. Henry Deibel, Lunenburg; Earl Allen, Fredericton;

presented by the Rev. Canon Vroom D. D. and will be conferred by the vice-president, in the absence of the president.

The students of the St. John law school arrived tonight. The pass list of King's College has been posted and reads as follows:

COMET SPOILED BRIDE'S PLANS

Pretty Girl Would Now Be Bride If Father Had Not Been Anxious To See Heavenly Visitor.

Sharon, Penn., May 11.—But for Haley's comet, which spoiled the plans of Cupid, Margaret Winterburn, the 17 year old daughter of a wealthy resident of Charleston, Mercer county, would now be a bride. The interest taken in the heavenly body by Samuel Winterburn is responsible for preventing the elopement of his daughter yesterday morning.

Miss Winterburn was engaged to be married to B. F. Johnson, of Charleston, but her parents would not permit the marriage because they thought her too young. The young woman has not yet donned long skirts, and her parents said her suit must wait a couple of years. That did not suit her or the young man. It was agreed the suitor should drive to the girl's home at 10 o'clock in the morning and play the role of Lechivar.

The expectant girl was ready at the hour named, when Mr. Winterburn arose to view the aerial tourist. He found his daughter dressed and her suit case packed. At first the girl demurred at telling him the truth, but a buggy awaiting his promised wife, Winterburn started out to interview the young man, but the sight of the father caused Johnson to apply the whip to the horse, which carried him down the road at a rapid rate, disappearing around a bend.

"Well, Cupid has been routed by Haley's comet," remarked the stern parent as he returned to the house to his weeping daughter.

Jeffries Showed Great Vim Yesterday And Trainers Feel Cheered—Willing Now To Accept Charley White.

Ben Lomond, May 11.—The Jeffries training camp is in high spirits today because in his workout today the former champion showed all the vim his trainers could expect.

Besides working well with the gloves, Jeffries left in a jocular mood and playfully cutted his seconds around during the brief periods of rest. In boxing, the fighter rushed both Armstrong and Choyanki around at a merry pace.

After the boxing, the big fellow tried the violent abdominal exercise, which he uses to reduce his waist line. Before Jeffries left in the afternoon for Santa Cruz, for a dip in the surf, he and Sam Berger held a conference that caused some speculation. Berger admitted that the list of eastern eligibles for referees had been changed considerably. Aside from the California candidates, Berger is now willing to accept Buck Cornelius of Pittsburg, Mass., White of New York and Otto Floto of Denver.

San Francisco, May 11.—The Johnson training programme was not changed in the least today. Shortly after 8 o'clock in the morning, he called together Tom Lytle, Colon Suter and Barney Pury for the 12 mile run over the boulevards and hills. The champion's wind, which it was thought might need a little nursing, has shown up well and the trainers are chuckling at the ease with which Johnson takes to his work.

Tex Rickard who has returned from a trip to Ben Lomond where he talked the referee question over with Jeffries and a talk today with George Little, manager for Johnson.

Ricker admits, however, that the prospects are that the promoters will accept Welch or Eddie Graney. I don't believe there is a chance Jeffries would accept Welch and I don't see how whether Graney would be satisfactory. But one thing is certain, if the men cause an agreement Monday, Gleason and I will take the matter into our own hands."

A dinner was given at the American Embassy tonight, the guests in addition to the Roosevelts, including the Imperial Chancellor, Dr. Von Bethman Holweg, foreign secretary Von Schoen, the rector of the university, Henry White, former American ambassador to France, and Mrs. White.

The former president was five hours in the saddle and spent much time talking with the emperor. They spoke apart from the others and their times were exceedingly vehement in their gestures. Col. Roosevelt wore a dingy khaki uniform while the emperor and his generals, in uniforms of blue with gold helmets, made a striking contrast.

Col. Roosevelt said tonight that he felt quite able to deliver his lecture tomorrow before the university. The Emperor probably will speak briefly upon the conferring of the doctor's degree on Col. Roosevelt.

President Taft's invitation to Mr. Roosevelt to represent the United States as special ambassador at the funeral of the late King of England was received this morning and acceptance was immediately cabled to Washington.
