THERE IS NO MYSTERY ABOUT OUR PREMIUM PLAN. PLAN. We manufacture about 400 lines of our own and they are the goods that we are forcing the sale of. To sell these goods by the usual plan is to send out travelers and carry on ex-pensive advertising, etc., which will cost over 40 per cent. We have discontinu-ed all advertising except what applies to our store, and are taking our travelers off the road and are instead giving the purchaser of goods from us 20 per cent and making the other 20 per cent. Our selves. Is this not agood business proposition. On lines that we sell that are not of our own manufac-tures we gives the consumer a good business proposition. On lines that we sell that are not of our own manufac-ture, we give the consumer about all of the profit, through our coupons, but we do this in order to have in our stores sufficient lines of steady consumption ito enable a family to secure coupons fast enough to en-able them to get many ar-ticles of value in a short time free. So you see that our plan is the only one that really solves the cost of high living and still gives us a living margin.

An occasional dose of Dr. Chase's Kidney-Liver Pills when the liver gets sluggish and the bowel's constipated will keep the whole digestive system in healthy working order.
