### WOMEN DEMAND REPRISALS ON GERMAN TOWNS

Suffragettes Head Movement to Agitate for Air Attacks on Unfortified Enemy Towns.  
K—Women's Committee, N.Z. & Co., London, Nov. 5.—A meeting of women is being promoted, especially among suffragettes to demand air reprisals on unfortified German towns. The usual Guy Fawkes fireworks celebrations on the customary fifth of November have been forbidden by the police tonight.  
It is felt certain that the next illumination will be in celebration of peace, when it does come.

### AT LEAST \$500,000 SPENT TO KEEP WAR SUPPLIES FROM ALLIES

Federal Authorities in U. S. Tracing Sources of Large Sums Contributed to German Plots.  
New York, Nov. 5.—At least \$500,000 has been expended in carrying out alleged German plots in this country in an effort to prevent war munitions from reaching the Allies, according to a statement made today by one of the officials investigating the cases of Robert Pay, who claimed to be a German army lieutenant and five alleged accomplices.  
Federal authorities admitted today that they considered unreliable the lengthy story which Pay readily told concerning his life history and activities in connection with plots against steamships carrying munitions from this country to the Allies. Pay, it was said, is now believed to be a Hungarian, whose real name is Fejl. Federal agents are now trying to trace the source of the large amount of money said to have been spent by different men in carrying out, or attempting to carry out, the various bono plots.

### MRS. ROBT. CARSON'S NEPHEW DIES OF HIS WOUNDS

Guy Thorn Parker, Formerly of this Province, Gave up Lucrative Post in India to Join the Colors.  
Saint Martins, N. B., Nov. 4.—Mrs. Robert Carson of this village received word from England a few days ago that her nephew, Guy Thorn Parker, had died of wounds received in a battle in France, on the 5th of October.  
He was the second son of Captain and Mrs. Raymond Parker, formerly of this province and now of Liverpool, England.  
He is survived by three brothers, two of whom are in India, and the other is in the trenches at the front, and four sisters living in England.  
He was a bright, genial and promising young man, and his early death will be mourned by a large number of relatives and friends on both sides of the Atlantic.  
In 1908 he went to India, had a very responsible position as manager of a tea plantation, but returned to England at the call for men, and gave up his life in the defence of his country. Much sympathy is felt for his family.

### REFUSES TO STOP ATTACKS ON MINISTERS

London Morning Post Declares Some Ministers' Careers Would End Ingloriously if Told Public all it Knows.  
London, Nov. 5. (Gazette Cable)—Political circles were exercised today by the Morning Post's rejoinder to the Lord Chancellor, who thinks that the press should be prevented from circulating individual ministers. The Post refuses to cease its attacks, and declares that if it said all it could say some ministers might be swept from office. The Post goes on to say:  
"If fair comment is indeed suppressed, then we shall go down like blinded Samson. The dream which he slew in his death, were more than they which he slew in his life."  
Promotion of the son of Lloyd George, minister of munitions, to the rank of lieutenant, has aroused a good deal of criticism, both from the press and the public. He is only twenty-six years of age, and enlisted in the army only a year ago, in the Carnarvonshire Territorials for active service.

### ST. JOHN'S, N.B., NOV. 5.—THE RETURNS SO FAR IN YESTERDAY'S PROHIBITION ELECTION

St. John's, N.B., Nov. 5.—The returns so far in yesterday's prohibition election are likely to succeed, as this message is sent the counts have been completed in four out of eighteen electoral districts, into which the island is divided. Of the districts which have been counted, Ferryland alone gave an adverse majority, 395 votes being cast for prohibition and 381 against. Harbor Main gave a majority for prohibition, polling 383 for and 236 against, but Harbor Main lacked 650 votes of the forty per cent of the registered electors, which the law requires shall be polled in every district to make prohibition operative.  
Port De Garve polled 821 for prohibition and 128 against. That district had sixty votes above her quota.  
Carbonear polled 590 for prohibition and 49 against. Carbonear had seventeen above her quota.  
St. John's West will complete counting before midnight, and the figures indicate about 2,200 for prohibition, 250 against. This will give about 250 above the quota. The Great Bays yet unreported, are considered the prohibition stronghold, and are expected to give sufficiently large majorities for the measure to offset the present adverse figures. St. John's East, Harbor Grace and Bay De Verde are expected to complete polling tonight.

### CHARLIE CHAPLIN CONTEST

If Charlie Chaplin could have gone to the Opera House last night and witnessed the antics of his imitators in the Chaplin contest there is no doubt but he would be running dry. Seven local aspirants for stage honors appeared at the stage door in appropriate costume but three of them felt a cold draft blowing about their ankles when it came time to face the audience, that left four. The first to appear was Walter McCellan, who was diminutive in size but long on nerve and make-up. He stayed for a while then passed the buck to "Fish" Murray and Dave Kirkpatrick who staged their act with all the props, including a lemon pie. They were forcibly removed via the Stackhouse tower. Angus Kennedy, with a good tenor voice and a head of hair that would win him honors in a football contest, was next and made a hit with a good song. The first prize went to Walter McCellan, second to Angus Kennedy and the consolation to "Fish" and his partner in crime. The audience had just as good a time as the would-be Chaplins.

### SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spent 25 Cents! Dandruff Disappears and Hair Stops Coming Out.  
Try this! Hair Gets Beautiful, Wavy and Thick in Few Moments.  
If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.  
Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out.  
If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.  
We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now?
