TRADING QUIET IN MONTREAL

Brazilian Makes New High at 51 1-8-Spanish River Er-

Montreal, Oct. 8.—There was no special feature in today's market. Trading was not as heavy as during the last few days. Prices were generally better than they closed last night. Strength continued in Brazilian, which again made a new high at 51 1-8 and closed fractionally off.

Spanish River securities were erratic, the common being easier, beins offered at 18 at the close, while the Pfd. was strong at 58. This is probably due to the fact that if allowing for the back dividends on the Pfd., the stock is selling at about the same price as the common.

Marine Preferred After Some Fluctuations Sells Above

(McDOUGALL & COWANS.)

New York, Oct. 8.—War issues held or increased their gains in the early afternoon, and the rest list was firm. Marine Pfd., after some fluctuations, sold above the high of the afternoon and the bonds advanced several points, pointing to the liquidation of the present company. The directors are meeting this afternoon.

A partial reaction affected most of the active issues about noon, and at the close the industrial list was on the average about a point below yesterday's closing.

Chicago. Oct. 8.—Prospects of an unyleiding answer to the German peace note tended today to bring about an upturn in the price of cora. Buying orders, however, came chiefly from shorts. Trade was not large. Opening prices, which ranged from \$\frac{1}{2}\$ to 1.23\%, and December 1.23 to 1.23\%, were followed by a slight reaction and then a moderate fresh advance.
