Halifax Woman Spent Hundreds

Mrs. Francis Bently Suffered for Twenty Years—Finds Relief by Taking Tanlac.

Remarkable, indeed, was the statement made by Mrs. Francis Bently, of 53 Brunswick Avenue, Halifax, in an interview, recently. Mrs. Bently declared that three bottles of Tanlac have done her more good than other treatments and medicines that have cost her hundreds of dollars, which she has paid out during the past twenty years in her efforts to find relief from stomach trouble and nervousness.

Mrs. Bently has resided in Halifax all her life and her many friends will be glad to learn of the wonderful improvement in her health. Following is her complete statement:

“During the past twenty years I have suffered beyond words to tell from stomach trouble and nervousness, and, while it may sound unreasonable it's the truth, three bottles of Tanlac have done me more real good than all the other treatments and medicines I have ever taken combined, and besides my husband I have dozens of friends who can tell you the same thing. My stomach has all out of order and I would have nervous attacks when I would tremble all over just like a leaf, and sometimes I would have to hold on to something to keep from falling to the floor. I also had frequent dizzy spells and at times was almost frantic with nervous headaches. Many a night I never slept more than two hours, I was so nervous and miserable. My stomach was in very bad condition and my appetite so poor that I would sometimes go all day without eating a bite. At all times I had to confine myself to the very lightest of foods and even then I would suffer terribly with indigestion and sour stomach. For four or five days at a time I couldn't turn my hands to a thing in the way of work and, really, I hardly had any strength to raise my head off the pillow. Sometimes there were such awful pains across the small of my back that I couldn't stoop over and straighten up without just suffering agony. I didn't want to give up completely and have stayed up many a day when I should have been in bed, and while I spent hundreds of dollars for medicines nothing did me any good to speak of.”

“But some wonderful things happen in this world and the way Tanlac has helped me is one of them. A few weeks ago I noticed Tanlac being recommended very highly and there was something about those testimonials that sounded so sincere and convincing, and everyone who praised the medicine so much that I told my husband I believed it would help me and that I was going to try one bottle anyway. Well, the first bottle gave me relief, and the results that I got another, then another, and I just kept on improving. I have just now finished my third bottle and am starting on my fourth and I can say without hesitation that I am feeling better than I have in twenty years. I haven't had one of those bad nervous attacks since I began taking Tanlac. My appetite is splendid and my food digests fine, and I am never troubled any more with indigestion and sour stomach. I sleep every night just like a child and, in fact, Tanlac has made me feel just like a new person. When I look back over those twenty years of suffering and then think of a wonderful change Tanlac has made in me in so short a time I can't help praising it.”

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative.—Adv't.

The Political Pot Is Still Boiling

Anti Unionist-Liberals Controlled Convention for Victoria and Carleton Counties—What is Said Concerning the Situation in Ontario.

The anti-Unionist Liberals were strongly in control of the Liberal convention for Victoria and Carleton counties and with the political situation in the constituency still very much “up in the air” the sensational developments which it was said might occur, never came off.

Until Hon. Frank B. Carvell's political future is definitely stated, some of those who have been doing most of the talking don't seem willing to act in the open. There seems to be a tendency to wait to see how the cat is going to jump. It may be significant, however, that some of Mr. Carvell's political friends were among the most prominent at the convention.

The Gleaser says: “It does not appear that Mr. Carvell came in any way under the lash of the criticism said to have been quite freely threatened. So far as the convention was concerned, the resolution deploring the death of Sir Wilfrid Laurier, ‘our revered and respected leader,’ and the other party resolves, were moved by the supporters and personal friends of Mr. Carvell in the Liberal ranks, who have been conspicuously enjoying the Federal patronage, under Union Government, since Mr. Carvell has been in office. And the delegates who go to the Liberal convention at Ottawa go as his friends and supporters, nominated and elected as such. Mr. Carvell could not have hoped for a more satisfactory gathering of the Liberals of his constituency; and there is reason to believe that the logical situation in which he is working in the public life is not giving him the slightest concern.”

Closing the issue.

The Toronto Times refers to the Toronto Globe's hope that something may turn up to put the Liberal party on its feet.

“In the opinion of the Globe a general election might clear the air. There is no fog apparent anywhere except in the Globe office. The difference between the Union Government and the Opposition is easily denoted. Mr. McKenzie's party is anxious for the restoration of patronage and administration by ‘influence.’ The government stands for business methods in the conduct of national affairs.”

“Mr. McKenzie's chief supporters are strongly opposed to public ownership in any form. They denounce even the necessary acquisition of the Canadian Northern Railway. Senator Robertson and the other members of the Cabinet stand with the Unionists everywhere for a better understanding between Capital and Labor. Some of Mr. McKenzie's friends are speech-making class-war, and others are utter reactionaries.”

The government refused to throw the war franchise open to folk of alien enemy origin whose hostility towards Canada and Great Britain has been scandalous. The McKenzie Opposition is willing to neutralize the votes of returned soldiers who suffered and bled for the nation by the votes of hostile residents. If the Globe is in favor of such policies as those advocated by the McKenzie Opposition it denies all its past, is naked of principle and clothed of hypocrisy.”

The Montreal Gazette says: “The feeling that unionism in politics has served its purpose has also been shown in Toronto, where what one paper calls the death knell of the idea was sounded at a meeting of the Central Liberal Conservative Association, when the following resolution was passed:

“Whereas, This Central Liberal-Conservative Association of Toronto answered the call to support Union Government in Canada during the period of the war, and whereas peace has been now proclaimed; therefore be it resolved, That this association place themselves on record as being firm believers in, and supporters of, that traditional policy that has ever governed the actions of the Liberal-Conservative party in our Dominion, and pledge our loyal and active support to the standard bearers of that party in the future.”

The resolution was unanimously adopted by a standing vote.

“Liberals who do not accept the invitation to turn while the lamp is still burning are getting, from the treatment accorded to Mr. Rowell by the Liberal party, a lesson as to what will be said of them. Mr. Rowell thinks the Unionist Government's work is not yet done, and will stay with it while there is yet duty to do; and he has said so in the Edmonton Bulletin, in its wrathful threat, is moved to say that: ‘In presuming to read himself and his traitorous associates back into the Liberal party and to call in question the validity of the Liberal convention, Mr. Rowell is precisely as much justified as Judas Iscariot would have been to compile a roll call of the early

POLICE COURT CASES YESTERDAY

Thomas Whipple and Harry York were before the police magistrate yesterday charged with being drunk and discharging a revolver. The evidence was along the same lines as the account of the affair in The Standard yesterday. The prisoners were remanded till today so that enquiries could be made concerning the manner in which they secured the liquor.

Roy Whipple was charged with assault on Clara Smith. The complainant said that Whipple had twisted her wrists and caused her to fall on the floor. Three other witnesses gave testimony and a fine of \$20 was struck against the accused.

John Porter charged with assaulting his wife, was placed under bonds to keep the peace and released.

Mrs. Schaffner and Mrs. McNutt, who several weeks ago were charged with neglecting their children, were again in court yesterday. Miss Ross, the police matron, said that the children were being cared for now. The accused were allowed to go on suspended sentence.

Petersborough Review—Premier Borden is enjoying a trip down the St. Lawrence. The Liberals will meet in Ottawa next month to prepare for a cruise up St. Croix.
