The game from the first blast of the referee's whistle to the finish of the match was fast and at times the play was quite keen although much better hockey has been seen in St. John The St. John team played a much better game than they did Tuesday evening which was the first game of the season for them; they checked much better and seemed to play a much

faster game.

Three minutes after the start Stephens, in a mix-up in front of the St. John goal made the first score for the Wanderers The Wanderers were on the defence many The Wanderers were on the defence many times and only good goal keeping by Schultz saved them from being defeated by a larger score. After 17 minutes playing a pass from Fowler to C.Inches was shot prettily and resulted in the first goal for St. John. After 23 minutes play Stephens accepted an opportunity and banged the disc through, making number two for the visitors. After some sharp play, Murray took the puck nearly the entire length ray took the puck nearly the entire length of the rink and passed to C. In the second half only three minutes had been played when Murray took a chance and banged No. 3 through for St. John. The next goal was shot by Blizzard, who picked the puck out of a scrimmage in front of the Halifax goal after 10 minutes play in the half. After 15 minutes play Harrington shot the third goal for Halifax—score 4 to 3. This was the last goal that the Wanderers got and one minute later Murray shot the fifth utes before the finish of the game Cy Inches banged through the sixth and final goal for St. John. Parker Victorious.

The final race of a series of three between Bart Duffy and Fen Parker took and boys were wild with excitement. At 9 o'clock the ice was cleared and the jam time for the track to be opened. Amid ntense excitement the men were started and Duffy went away with a great burst of speed. He gained rapidly and in three laps had about 20 feet to the good. On the fourth lap he tired and settled down

Parker kept skating away gamely and commenced to make up the lost ground and was gaining rapidly on Duffy. On the seventh lap Parker was ahead of Duffy and the champion was caught on the 12th lap, giving Parker a half lap lead. Duffy had not the power which he has shown in some previous races. The wo men went slowly around the rink for number of laps and when the 24th lap was reached Duffy started out on a sprint and for one lap leit Parker in the rear about 15 feet, but the pace was too much for Duffy and Parker caught him again and the race finished with Parker a win-ner by half a lap, in 7m. 11s. Parker's first mile was skated in 3.06. Duffy showed excellent ability in the sprints, but ker's work throughout was clean and well mirers. It has been a long while since there was such a demonstration at the old Victoria. Although there has been much talk about betting on the race, it would be safe to say that not \$100 changed hands on the race and Duffy was the
