

IS FLEE FROM SPELL... Canada the Mecca of Comfort Seekers... Business Stagnation in New England Gives Many a Chance... Big Textile Mills Working on Short Time Awaiting Settlement of Tariff Bill—Wren Convicted of Murder at Keene, N. H. Gets a Life Sentence.

Thirty-five mills of the American Woolen Company in New England will shut down for two weeks during the month. The corporation employs 40,000 when all its machinery is in operation but many of its plants have been running from 20 to 30 per cent capacity only. It is stated on authority that at least 15,000 operatives are idle in Lawrence alone. The Lawrence situation measures as well as the present situation in the big woolen and worsted mills of the country. Without exception they are running on short time. The combination of garment workers' strikes early in the year, the tariff agitation and proposed overhauling of schedule K have upset what was developing last winter into one of the most serious in the woolen business had ever experienced. John H. Wren, who last night was found guilty of murdering J. Stewart Hamilton, of Rochester, N. Y., was sentenced to life imprisonment at Keene (N. H.) today. A stay of execution of ten days was granted to permit the appeal of the conviction to be made. Wren, under the law no other sentence was permissible, it being necessary for the jury to specify if capital punishment is favored in the present case. Hamilton was a railroad construction foreman in charge of work at Hinsdale and Wren was one of the men in his employ. The murder was committed on Hinsdale February 5 last and Wren was later arrested in Halifax and brought back for trial.

Not Compelled to Keep Milk Cool. Dr. G. G. Melvin Says It Would Not Be Feasible to Require Minimum Temperature in Restaurants and Dairies.

Thursday, July 3. "We will herald the day when some substitute will be discovered for cow's milk," said Dr. G. G. Melvin, medical health officer, yesterday. "Milk is the most difficult substance to handle and is more likely to become infected with disease than any other food product."

T. M. Burns, secretary of the board of health, said of the same opinion and he advocated and destroyed, Dr. Melvin said the health officers more than anything else. When asked whether any regulations are laid down for restaurant keepers and dairies to compel them to keep milk cool, Dr. Melvin said that the restaurant keepers, as well as dealers in milk are compelled to keep it refrigerated. The law is not definite as regards what degree of temperature it should be kept at.

When informed of regulations that had been made in other provinces—that the milk shall be kept below 50 degrees Fahrenheit or otherwise the goods should be confiscated and destroyed, Dr. Melvin did not see how this could be feasible, as it would require a great staff of officers to enforce it. He said that the law is obeyed. Here in St. John the milk is generally kept at or below fifty-five degrees and this is considered pretty good. The higher the temperature of the milk the more likely it is to become infected. Will contain 10,000 bacteria to the cubic centimeter in considered extraordinary good, but containing as many as 100,000 bacteria even to the cubic centimeter is not rejected.

Mothered 26. Mrs. Ann Griffin was Last Survivor of Family of Eighteen, and Left Many Descendants.

Wednesday, July 2. Herself the survivor of a family of eighteen children and living to smile upon a family of two sons, five daughters, thirteen grandchildren and six great-grandchildren, Mrs. Ann Griffin, widow of Thomas Griffin, of Johnston, Queens county, died yesterday at the residence of her daughter, Mrs. John Cogger, Haymarket square, in the 84th year of her age.

Mrs. Griffin was of a kindly and lovable disposition and had a large circle of friends to regret her death. Frank Griffin, of this city, and Richard, of New Hampshire, are the sons, and the daughters are Mrs. William Malloy, of New Brunswick; Mrs. John Slater, of Chelsea (Mass.); Mrs. Cogger, and Miss Nellie, of this city, and Sister M. Adele, of St. Vincent's Convent.

Only an Apology. (Halifax Recorder). This morning's Tory organ says: "Canada is now forty-six years old, but she is young and blessed with a good government. Canada has now only an apology for a government. Long before it reaches its 80th birthday it will again have a good Liberal government."

He Swam Ashore. Report That Hugh Mackay, on Honorary Steamer, Jumped into Water from Steamer and Was in Some Danger.

(Fredericton Gleaner, Monday). Gagetown, N. B., June 30.—Hugh Mackay, who is honey-mooning with his yacht here with his bride, who was formerly Miss Katie Hazen, daughter of the minister of marine and fisheries, was the central figure in an exciting incident here on Saturday. Mrs. John Slater, of Chelsea (Mass.); Mrs. Cogger, and Miss Nellie, of this city, and Sister M. Adele, of St. Vincent's Convent.

When the steamer Victoria stopped here at noon en route from St. John to Fredericton, Mr. Mackay boarded her and, as the steamer was about to start, he jumped from the lower deck into the water and swam ashore. The witnesses of the affair were given considerable fright, however, when Mr. Mackay was almost carried under the paddle wheels of the steamer, having made the mistake of jumping off the steamer ahead of the paddle wheel box.

TALE OF THE WEEK SEES ROMANCE. Chatham Organist Had Admirers on Trip to Canada and One Made Successful Appeal After Three Years.

Not all of Commodore Stewart's energy these days is given to denouncing Hon. Frank Cochrane and Donald Morrison, Conservative candidate in Northumberland for several elections. With the touch of one who is treading on familiar ground he tells of a pretty little romance woven about a little organist at Chatham. The last issue of the World has the following: "Miss Eva M. Cliffe, an unassuming, modest and matter-of-fact little Englishwoman, came to Chatham three years ago to act as organist for St. Luke's Methodist church in Chatham. She had been a good music training attendant for a number of years, and was much appreciated by the whole congregation. It was, therefore, with much regret that the people heard of her resignation, which she had given in a social in the church on the eve of her departure for Winnipeg, a traveling case was presented to her and everybody's good wishes showered on her.

"But why leave an admiring and appreciative congregation to go to Winnipeg?" she left the many admirers to join one whose admiration had led to a proposal of marriage. She had been wooed and won. The romance began on the steamship in crossing the Atlantic. Three young men devoted themselves to the demure little girl who was all alone, and ran foot races for deck chairs and cushions for her. They hovered around her like flies around a lump of sugar. They greeted her in the morning and bade her good night in the evening. They cracked all their old jokes, repeated all the chestnuts they knew, and taxed their inventive powers for nice things to say to her. She treated them all alike, kept them a chair-width away, and made no sign of her enjoyment of their attentions.

"One of the three wrote to her in Chatham, she replied, and the correspondence continued after a time in a proper and acceptable manner. The young man could not leave his employment to come here, and so the little lady went to Winnipeg to see him. The wedding was celebrated Thursday afternoon, and Miss Eva Cliffe is now Mrs. Norman Tomesland."

ALBERT COUNTY OFFICIALS RESIGN. C. L. Peck Appointed to Succeed W. O. Wright as Secretary Treasurer—Other Business of the Council.

Hopewell Hill, N. B., July 2.—The July session of the Albert County Council opened this morning at Hopewell Cape, Warden L. C. Prescott presiding. The members of the board were all present.

A communication from the Bank of Nova Scotia, Riverside, was read stating that the rate of interest on overdrafts by the municipality had been increased from five to five and a half per cent until further notice.

A committee composed of Warden Prescott, Councillor Thompson, and C. L. Peck, was appointed to meet with the municipalities convention in Moncton in October.

A committee appointed at the last January session to inquire into the cost of maintenance of a poor farm asked that the matter go over until the next session as they had not sufficient information at present on which to base a satisfactory report. The same committee will continue investigations in the King county institution.

W. O. Wright, who has been secretary-treasurer of the municipality for thirty-four years, tendered his resignation to the Council. C. L. Peck, secretary, was appointed to the position. Mr. Peck was nominated by Councillor Smith and W. C. Newcomb of Hopewell Cape, was nominated by Councillor Cleveland, Mr. Peck receiving eight votes and Mr. Newcomb four. A resolution moved by Councillor Thompson and seconded by Councillor Smith was passed by the council unanimously expressing the deep appreciation of Mr. Wright's faithfulness and courtesy and worth during his long term of office.

Wm. F. Beaumont was appointed ferryman in the place of the late Capt. Donville, who was drowned a few weeks ago.

During the session a number of board of health bills were passed and the council closed its deliberations at 6 o'clock.

(Fredericton Gleaner, Monday). Gagetown, N. B., June 30.—Hugh Mackay, who is honey-mooning with his yacht here with his bride, who was formerly Miss Katie Hazen, daughter of the minister of marine and fisheries, was the central figure in an exciting incident here on Saturday.

When the steamer Victoria stopped here at noon en route from St. John to Fredericton, Mr. Mackay boarded her and, as the steamer was about to start, he jumped from the lower deck into the water and swam ashore. The witnesses of the affair were given considerable fright, however, when Mr. Mackay was almost carried under the paddle wheels of the steamer, having made the mistake of jumping off the steamer ahead of the paddle wheel box.

BORDEN IS CONDEMNED BY CANADIAN MAGAZINE

(Canadian Magazine for July). The Tory controversy in Canada has reached an interesting stage. The senate has refused to approve the Borden bill until it has been endorsed by the Tories. This naturally has aroused the fury of the Conservative press. What right has the senate, a non-elective body, to force the government to the country? The deadlock is similar to that which confronted the Liberal government in Britain when the house of lords refused to endorse the Lloyd-George budget of 1909-10. That, of course, was a measure that could not be hung up, and there was no alternative for the government but to appeal to the country.

The country upheld the government in the election of 1911, and there was only the budget but the parliament restricting the veto power of the lords was made an issue and carried into law. What hindered Mr. Borden from making a similar appeal to the Canadian people? The Canadian senate is a gross anachronism in the twentieth century and should be abolished. It is a gross anachronism in the twentieth century and should be abolished. It is a gross anachronism in the twentieth century and should be abolished.

As to the navy bill there does not seem to be any anxiety on the part of the dominion government to accept the challenge of the senate and submit the issue to the people. Either the emergency is not so urgent as Canadians believe or Mr. Borden has not been able to impose his conditions through a referendum.

WESTFIELD BEACH SCHOOL CLOSING EXERCISES. Westfield Beach, June 30.—The closing exercises of the public school took place on Friday afternoon in the presence of a large number of guests. The school room was tastefully decorated with flowers and garden flowers, and the blackboards with stenciled designs drawn by the scholars. The exhibition of the pupils' work, including writing, drawing, sewing and flower collections, received favorable comment.

A pleasing feature of the exercises was the exhibition of physical drill and marching, which was well performed by the pupils. The exercises were very bright, were well conducted and called for much applause. Mrs. J. R. McIntosh addressed the pupils in a very pleasing manner, and Mrs. A. Fred. Waters on behalf of the board of trustees. The teacher, Miss Edith Fulton, a cordial vote of thanks for the afternoon's entertainment. Miss Fulton replied briefly.
