

SUPERINTENDENT'S REPORT.

It is my duty at the end of another year to report progress in Sunday school work, as the great aim is the gathering in of the young to Christ's kingdom, so the weighty and all-important question meets us—"What has been the result of our work during the year now closed?" How many have declared themselves to be on the Lord's side? When we consider the size of our school and say that about sixteen have publicly declared themselves by uniting with the church in full membership, we are apt to say "How few" but when we think of the great value of a soul, we ought to thank God for these tokens of His love and mercy, and pray with greater earnestness and fidelity that more may speedily be brought into a living union with our Lord and Master.

This congregation has reason to be thankful for so large a body of faithful workers in the school and Bible classes, and it is earnestly hoped that parents will reward their unselfish efforts by making home preparation of the lessons a certainty on the part of their children, as well as send them regularly to school.

We are hampered still for want of proper accommodation. Crowded classes, and imperfect heating and ventilation, and such we have, are not conducive to successful work. We, however, look forward with hope, that with a settled pastor and better accommodation in the shape of perhaps a new building, together with continued faithfulness on the part of the teachers and parents, the school will, under God's blessing, enjoy such a measure of His favor as it has never before experienced.

A. HENDRY,
Superintendent.
