Statistics issued by the Ontario gov-  
ernment show that 161,599 motor cars  
were owned in Ontario in 1918. Of  
this number 37,758 are owned by driv-  
ers and farmers.

Common and medium grade cattle  
are being shipped to market in large  
numbers owing to the heavy crop of grass  
in Ontario, Southern Alberta and some  
parts of Saskatchewan.

George Nelson, aged 81 years, a re-  
tired farmer of Ridgeway, was fatally  
injured when caught in the teeth of a

One of the reforms to be introduced  
by Dr. Cody, minister of education, is  
to lessen the amount of home work of  
the pupil and have the teacher give  
more assistance to the pupil while in  
school.

In Strathroy district pastures have  
become so brown and bare as a result  
of the drought that Canadian eggs  
had to cut their green corn for the  
cattle, and some have even turned the  
animals into their out fields for an oc-  
casional feed.

more assistance to the pupil while in  
school.

The demand for eggs in Great Brit-  
ain for immediate and fall ship-  
ment continues good. Canadian eggs  
are selling at a premium over United  
States product, which, no doubt, is  
due to superior quality and uniformity  
of grades according to the Canadian  
standards.

many next with 31.8 bushels, Austria  
third with 20.2 bushels, and Canada  
fourth with 20.0 bushels per acre, ac-  
cording to statistics compiled by the  
Department of the Interior.

The death occurred at the home of  
her daughter, Mrs. (Dr.) McColl of  
Tilbury, of Mrs. Mary McAlpine, wid-  
ow of the late Neil McAlpine of South-  
west. She was 80 years of age and  
was born at Wallacetown, being a  
daughter of Donald Currie, the first to  
settle on the site of the village, and  
after whom the main thoroughfare of  
Dunwich, the Currie road, was named.

farm of his mother nearby to help

struck by a bolt of lightning and in-  
stantly killed. The barn was set on  
fire and burned.

GRAIN WASTED IN THRESHING

Necessity for practical education of  
threshermen was brought out striking-  
ly by results in Minnesota last year  
recording the normal waste of grain  
in threshing. Comprehensive tests,  
which included the work of more than  
6,500 machines in the Gopher State,  
showed that the average avoidable  
loss in threshing wheat was 4.6 bush-  
els a day, worth approximately \$9.64;  
while the avoidable loss in threshing  
oats was 9.1 bushels daily, worth then  
\$5.46. Some of the separators wasted  
as much as 50 bushels of wheat a day,  
worth, on the basis of the October  
market, \$103. Twenty-five per cent.  
of all the machines tested in Minne-  
sota showed an avoidable loss, due to  
the machines being out of repair or  
improperly adjusted, of 15 bushels a  
day.

WHEN EATING WAS EASY

Our market quotations are always  
interesting. Today the housekeeper  
can get her groceries very cheaply.  
Those of twenty-five years ago who  
make us gasp. Comparisons:

May, 1894 May, 1919  
Wheat ..... \$ .56 \$ 2.13  
Oats ..... .33 .72  
Hay ..... 7.00 22.00  
Hogs ..... 6.25 21.25  
Butter ..... .18 .55  
Eggs ..... .18 .45

In 1894 you could buy a W. L. Doug-  
las shoe for \$3, hit it up for a thimble-  
ful of Canadian rye for 5 cents, clothe  
yourself with a worsted suit costing  
\$18, and rent a 1919 \$30 house for \$10.  
Good old days, you say? Were they?

## RECOVERS STOLEN CAR

Two Brothers Arrested, Charged With  
Theft From D. A. Dobie

Tuesday's Advertiser says:—Chas.  
Coffin, aged 22 years, and his brother,  
Albert Coffin, aged 19, arrested late  
last night by Sergeant of Detectives  
Thomas Nickle and Detective Harry  
Down on a charge of a motor car theft.

Charles was arrested at Mount  
Brydges and Albert was taken in tow  
at 795 Hamilton road, following inves-  
tigation by the local police of the theft  
of a Chevrolet car from the garage of  
D. A. Dobie, near Glencoe, recently.

In place of the stolen car a wrecked  
auto of similar make was left beside  
the road, with the body and wheels  
burned.

Charles was arrested with what the  
police say is the stolen car in his pos-  
session. It had been repainted, the  
dark wheels having been transformed  
in color to a gaudy yellow and the se-  
rial number painted black. In addition  
to the above alterations, the engine  
number was filed off the car, which  
had been stored in a garage at Mount  
Brydges. These facts being learned,  
warrants were issued for the arrest of  
the above men, and the local detec-  
tives served them.

The number on the stolen car was  
48761, but this was replaced by mark-  
ers off the burned car, which the pris-  
oners state was their own property.

However, the local police are of the  
opinion that it is also a stolen car, and  
its license number is 48702, a 1916  
Chevrolet model.

Neither of the accused brothers was  
asked to plead nor was any evidence  
in the case taken at the county court  
this morning.

The register of the car in which the  
detectives arrested the elder Coffin  
showed that since it had been missed  
it had been driven over 900 miles.

In connection with the above, Mr.  
Dobie states that he and Tom McDon-  
ald, following up a clue, arrived at  
Mount Brydges on Monday in a large  
touring car, and the first person they  
saw was Charles Coffin driving down  
the street in the stolen car with a girl  
in the seat beside him. They imme-  
diately gave chase and after a spirited  
run of about six miles succeeded in  
overtaking Coffin and holding him un-  
til the London officers arrived.

The elder of the accused men worked  
for John McAlpine in South Ekfrid  
for about three years, and the younger  
worked at Mount Brydges. They are  
Home boys and lately have been work-  
ing in London. Charles enlisted in  
the 135th Battalion and served over-  
seas.

The rug and some other articles be-  
longing to Mr. Dobie's car were found  
in the possession of the younger man.

DRILLING IN EKFRID

A test well for oil is being drilled  
by John G. Best on the farm of Alex.  
Pole, north half lot 18, concession 1,  
in Ekfrid township.

The test well is being drilled by  
being watched by and is of much inter-  
est to all the oil operators, as Mr. Best  
is not only going to the lower line but  
is going through it. Mr. Best says he  
is now something over three hundred  
feet and the indications look very fa-  
vorable for oil. George W. Johnson of  
Rochester, N. Y., an associate of Mr.  
Best, is here, Louis T. Child of Rich-  
mond, Mo., another associate, was in  
Glencoe last week.

They have a very large acreage un-  
der lease in Ekfrid township, extend-  
ing from the second concession to the  
Thames river. All the oil operators  
here agree that there is a very large  
and rich pool of oil close to the exist-  
ing Moss field which is a feeder for  
the Moss wells, and it is very likely  
that a very large strata of oil rock will  
be found, and if found may be found  
in time much lower than the dome in  
the Moss field. On that account Mr.  
Best and his associates are going  
through the lower line and not just  
merely to it, as nearly all the tests  
formerly drilled in Ekfrid township  
have been on the upper line.

The test on the Pole farm will be  
completed in about a week.

ST. JOHN'S CHURCH

Next Sunday all services will be as  
usual:  
Sunday School and Bible Class at

communion at 11 o'clock. Evening

The rector returns to duty on Fri-  
day.

Grand Rally

135th Battalion and Other  
Units at Strathroy Tues-  
day afternoon, Aug. 5

automobile to carry returned sol-  
diers to Strathroy, please com-  
municate with The Transcript of-  
fice as soon as possible, but not  
later than Friday evening.

Please state how many soldiers  
you can carry in your car.

Please put forth a special effort  
to make this day a success.

All soldiers and cars are to be

## DEATH OF MRS. HOWSON

Mrs. Howson, wife of Rev. W. G.  
Howson, died Thursday evening at  
her home, 71 Askin street, London,  
following a paralytic stroke. She  
suffered the stroke on Saturday pre-  
vious and since that time never re-  
gained consciousness. Mr. Howson  
at the time she was taken ill was out  
of the city.

Mrs. Howson is survived by four  
daughters and an adopted son, Frank.  
The funeral was held on Monday from  
her late residence to Woodland ceme-  
tery.

Mrs. Howson was well known and  
esteemed in Glencoe and vicinity, hav-  
ing lived here during Mr. Howson's  
pastorate of the Methodist church,  
which terminated three years ago.

FARM RESIDENCE BURNED

Fire which appears to have started  
from the kitchen stove destroyed the  
house and most of its contents belong-  
ing to Mr. and Mrs. Bruce McAlpine,  
Longwoods Road, Ekfrid, about ten  
o'clock last Thursday morning. Neigh-  
bors who were called by telephone  
succeeded in saving the barns and  
other outbuildings, the wind being in  
a favorable direction. Mr. McAlpine  
was ill in bed at the time the fire  
started and Mrs. McAlpine was busy  
with the housework upstairs. When  
discovered the fire had made such  
headway that it was impossible to save  
anything from the upper rooms, and  
only a few articles on the ground  
floor were got out.

The house and contents were in-  
sured for \$1,500. Mr. and Mrs. Mc-  
Alpine, being but recently married,  
had their house completely overhauled  
and put in first-class shape and were  
newly furnished a short time ago and  
the loss to them will be keenly felt.

YOUNG LADY DIES SUDDENLY

Appin, July 30.—The sudden death  
occurred on July 26th at her home in  
Ekfrid of Annie C. May, youngest  
daughter of William and Sarah May,  
from septic poisoning. During a very  
short illness no expectation of a fatal  
turn was feared and scarcely an hour's  
notice brought the end.

The funeral on Monday was very  
largely attended, services being con-  
ducted by Rev. Mr. Whaley of Appin,  
assisted by the choir of the Methodist  
church. The S. S. Young People's  
Class of the above church, of which  
Miss May was a valued member, took  
a sympathetic part, forming a double  
column, through which the cortege  
passed at the house and at the grave.

Her loss will be greatly felt at home  
where she leaves a sorrowing father  
and mother and one sister, Jean, who,  
together with one brother, Wm. T.,  
and two sisters, Mrs. Wm. G. Pole and  
Mrs. Chas. Bardwell, all of Appin,  
mourn her early demise. The flowers,  
of which there were a large number,  
were carried by her class companions  
to her last resting place. The cross  
sent by them was especially beautiful.  
Interment was made at Appin ceme-  
tery.

PRaise for Glencoe Minister

The Alvinston Free Press says:—  
Union services were held in the Meth-  
odist church, and owing to the illness  
of Rev. Mr. McKay, Rev. Mr. Lloyd of  
Glencoe conducted the services. His  
theme for the evening being "Respect-  
able Sin." The speaker in regular  
Bible Sunday style most emphatically  
denounced sin in all its satanic forms  
and gave his hearers to understand  
that sin is sin whenever or wherever  
found, and that the stench coming from  
the so-called respectable sin that is  
committed in the parlors of the aris-  
tocracy is just as noxious in the nos-  
trils of God as sin committed in the  
saloon, the gambling den or the house  
of prostitution. The sin of gossip—  
the woman who goes about the com-  
munity talking about her neighbors  
and adding a little more to the story  
than is actually true—also came in  
for his criticism, claiming that that  
variety of woman is a curse to a com-  
munity. He likened many of the so-  
called "Respectable Sins" of today to  
"Whitened Sepulchres," which out-  
wardly appear clean and beautiful but  
inwardly are full of corruption. His  
message throughout was listened to  
with wrapt attention, it being a long  
time since so good a sermon was  
preached in an Alvinston church.

THIRTY YEARS AGO
