Madam D. Jodoin, 9 Joachim lane, says: I am more than satisfied with Dr. Laviolette's Syrup of Turpentine. My son, seven years old, suffered for the past five years from Bronchitis; he was BO bad indeed that we feared that he was rapidly going into consumption. We used every possible remedy we could think of. None of them, however, gave our boy the slightest relief or made any apparent change in his condition. I hereby certify that my son has been completely cured by using four 25c bottles of Dr. Laviolette's Syrup of Turpentine. He is now perfectly healthy, fat and rosy, and he is gaining flesh daily. I consider that the cure in his case was indeed marvellous, and you can put this certificate to whatever use you may see

Madam V. Lanouette, 894 Mignonne St., says: I have been a sufferer for six years from Chronic Bronchitis, and during that period I have been treated by a number of Doctors, and I have also employed many remedies without getting any relief. I am now using Dr. Laviolette's Syrup of Turpentine, and although I have only used two 25c bottles, the change in my condition is simply wonderful, and I have every confidence in a radical cure.

Mrs. Charles Ferry, 636 Mignonne St. says: My little girl, sixteen months old, suffered from Bronchitis ever since she was 3 months old; two 25c bottles of Dr. Laviolette's Syrup of Turpentine effected a complete and permanent cure. I cannot commend this wonderful remedy too highly to all mothers for their little ones, for it is delicious to take and acts like magic.

A. Sagala, 803 Plessis St., says: My two children, one seven months and the other four years old, suffered from a bad attack of Bronchitis and a complete loss of voice; one 25c bottle of Dr. Laviolette's Syrup of Turpentine cured them both completely. It is the most effective remedy we have ever used in our family.

Madam Andre Lachapelle, 183 Plessis St., says: I suffered for one year from a severe attack of Bronchitis, and I have been completely cared by that wonderful remedy Dr. Laviolette's Syrup of Turpentine, of which I cannot speak too highly.
