

COLUMBIA

Double Disc Records

Music on both sides and a different selection on each side

Prices from 85c to \$7.50 each

In no other period in the history of sound-recording and reproduction have advances in the art been so revolutionary, far reaching and conducive to the highest artistic enjoyment of the millions of music-loving people in America as during the past few years.

With increased knowledge of tonal-values, acoustics and the many other vital considerations involved in the delicate science of tone-engraving has come a keener appreciation of what the acme of artistic and technical excellence in a record should mean and a positive determination that no Columbia record shall be issued failing to conform to a standard which eliminates everything but the most desirable. Every Columbia record represents a sympathetic and intelligent study of each and every condition tending to a proper interpretation of the composition or subject recorded.

We guarantee to every purchaser of Columbia Double-Disc Records that the material used in their composition is of better quality, finer surface and more durable texture than that entering into the manufacture of Disc Records of any other make regardless of cost. We further guarantee that their reproducing qualities are superior to those of any other Disc Records on the market and that their life is longer than that of any other Disc Record, under any name, at any price.

The complete catalogue of Columbia Double-Disc Records may be had free by asking any Columbia dealer. Have him place your name on his mailing list to receive the supplemental lists of new records issued each month.
