DEPT. OF
INDIAN AFFAIRS

Dear Sir

I should have \$20.00
an acre, for a piece of land
out of my farm. It is not
like selling the whole farm.
I will sell from the shore
to a little brook that runs
across it. I do not know
what amount is in it,
but I think it is in the
neighborhood of 40 acres.

The Indians are very anxious
to get it, as it is in every
way suitable for them, so
I will sell it for \$18.00 an acre.
