The Prosecuting Officer's Reply

I think I am correct in saying, the Summary of Evidence doesn't enter into it. We have a witness, that has stated, that on the 9th of June, 1943, in the presence of the accused'- and it was evidence. We are proceeding on a plea of Not Guilty, and therefore the Summary of Evidence does not enter into the Proceedings. The Charge Sheet says sir, that *He* on the 8th of June, 1943, that the accused was deficient these articles. Now the Prosecution has shown through a witness, that on the 9th of June, this man's kit was checked and was deficient.
