

Every Pupil must follow the prescribed course of instruction, and pass the entrance examination in Reading, Spelling, Writing, the simple and compound rules of Arithmetic, the elements of English Grammar and outlines of Geography.

The School contains large and well ventilated Class-rooms, with ante-rooms, a Library, Laboratory, and a Hall for assembling the whole school. The most recent improvements in school architecture and school furniture have been adopted. A play-ground of several acres is attached, with gymnastic apparatus, and covered sheds for exercise in wet weather.

The course of instruction is so arranged as to prepare and strengthen the mind for the more severe study of each succeeding year.

By the peculiar system of discipline adopted, the conduct and application of the Pupils will be regulated by motives similar to those by which our conduct in after life is influenced, and the various honours will be made to depend as much on good conduct as sound scholarship.

Pupils from a distance can board in private houses sanctioned by the Council, at prices agreed upon by the parents of the pupils and the keepers of the houses. A pupil will be allowed to board in any private family, at the request of his parents.

There are four Scholastic Terms in the year, and the fee at present is five dollars per quarter, payable in advance.

All applications for admission to be transmitted in writing to the Chief Superintendent of Education for Upper Canada.
