INSPECTORS and AGENTS

The PHOENIX ASSURANCE COMPANY Limited of London, Eng., (Established 1782, next Declaration of Profits December, 1910) invites applications from experienced INSPECTORS and Agents for their Life Department now being opened in Canada. Applications will be treated confidentially and should be addressed to Joint Managers, Life Department, Montreal.

PROVIDENT SAVINGS LIFE.—We learn some interesting facts in reference to the Health Bureau of this office. Of those who applied during the first eight months for the Health Bureau examination, sixty-two per cent. were found in good health, and thirty-eight per cent. were found with various forms of impairment; some of them not immediately dangerous, but all of them important, because they would have led to serious consequences if not discovered and checked in time. The large proportion of impairments reported was to an extent due to the fact that many of those who applied realized that they were ailing and wanted to know the truth. But the important fact disclosed by these examinations, and the one that fully justifies this plan of assisting in the conservation of the health of policyholders was that forty per cent. of those found impaired were unaware of any trouble. The knowledge gained by these medical examinations has enabled many of these people to avoid needless suffering and premature death. The insurance office simply informed them of their physical condition and the law of self-preservation—the desire to live—did the rest.
