STONE & WELLINGTON, Head Office, Tor-
onto, Ont. (The only Nursery in Canada hav-
ing testing orchards.) Nov-23

The Band will be at the rink on Friday evening next and every Friday night during the skating season. The rink opens at 7:30, closing at 9:30.

Ayer's Hair Vigor is certainly a remarkable preparation and nothing like it has ever been produced. No matter how wavy and unmanageable the hair may be, under the influence of this incomparable dressing, it becomes soft, silky, and pliable to the comb and brush.

The death of Mrs. Michael Simpson, of Ganebridge, on Thursday last was an unexpected shock to the community in which she lived. She had attended church the previous Sunday apparently in usual health, which for some time had not been vigorous, but nothing serious was apprehended. She suddenly declined, however, and on Thursday morning the sad intelligence was received that she was no more.

The annual meeting of Beaverton and Thorah Cemetery Company was held on Thursday of last week in the Town Hall, Beaverton. The Treasurer reported that the annual statement of the stockholders showing the Company to be a prosperous and healthy condition. The following directors were elected for the ensuing year:—President—W. A. Barrett; Directors—H. Logan, S. Paterson, H. Snelgrove, Chas. Butler, J. J. Cave, P. McMillan, H. Westcott, C. A. Patterson, A. Moore. Mr. Paterson was elected Sec. Treas. for the year. At the close of the annual meeting a meeting of the Directors was held at which a number of improvements were arranged for execution during 1895.

Mail, Toronto, Tuesday, Jan. 22nd.—Dr. J. E. White, died suddenly last evening at seven o'clock at his residence, 185 Carlton St. Dr. White went out late in the afternoon by street car to attend a patient, after which he returned to Earl Street and then walked home. Almost immediately after entering the house he was seized with faintness, and soon became unconscious, dying in about fifteen minutes. Dr. Field was at once summoned, and subsequently Drs. Oldright and Cameron but before they arrived life was extinct. The cause of death was heart disease. Deceased was 37 years of age and a member of the English church. He leaves a widow and three children. Dr. White is a relative of the White family of this place and at one time practised in Beaverton.

The death is announced in her 80th year, of Mrs. Roberta Bruce, wife of Mr. John Bruce, (whom we believe is the oldest inhabitant of Thorah). Mrs. Bruce had been gradually failing for some years and her death is not a matter of surprise. The aged couple were married in 1829, and came in same year to Canada from Sutherlandshire, Scotland, taking up their residence at Bytown, (now Ottawa) where they resided for about a year, then removing to Lot 11, Concession 7, Thorah, where they have resided ever since. The past sixty-six years has been an eventful period in the world's history but in Ontario, Mrs. Bruce saw the country develop from a "howling wilderness" into what it now is. The vast changes which labor and invention have brought into play in this world did not exist in her youth and the marvels of science which have done so much to lessen toil in these latter days had no influence upon the hard rugged labor which she, with her sister, had to bear to make a home for themselves. She goes to her rest beloved by all who knew her.

Photographs.
Posing and lighting of a sitter are two of the main points in getting a good photograph. This is always carefully studied by Geo. J. Early, Cannington's new photographer. His prices and work are right. Proofs shown of work. He has the best and nearest fitted photographic studio in the Midland district. Go and see samples of work shown at Cannington studio.

BELL, THE PHOTOGRAPHER,
BEAVERTON.

FOR SALE.

One of the finest 30-acre farms in Southern Manitoba, five miles from railroad station, 40 miles from coal fields. Well watered. Frame house with filled walls, 5 rooms, kitchen and basement. Interested parties will do well to investigate.

W. S. BELL, Photographer,
Beaverton, Jan 4, 1895.

OUR NEIGHBORS,

What they are Doing Round About us.

Interesting Jottings by Correspondents From Many Places.

GAMEBRIDGE

Miss Jessie McCuaig has been engaged as teacher in the Montreal school section. The people of that vicinity may congratulate themselves as Miss McCuaig is a good teacher.

Miss Turner of Peterboro is teaching in the Point Mara section.

Query:—Who is the Gamebridge correspondent to the "Orillia Times". Surely that correspondent must be well paid. It's an ill wind that blows nobody good.

Mr. Duncan Mathieson is home from EuClare, visiting friends.

Mr. Geo. Wallace, left for Belleville College last week.

We understand that Mr. Robt. McKay has purchased the farm owned by Mr. Johnson Conroy in Ganebridge. Yes, it's a fact, things do look serious.

The funeral of the late Mrs. Donald McCuaig took place on Monday last. The funeral was largely attended as Mrs. McCuaig was an old settler and much respected by everybody. She was 94 years of age.

ORILLIA.
Reeve Millar like Mayor Kennedy of Toronto had an official recount to confirm his election, in which he lost one vote this narrowed his majority to 1-4 close majority.

The Children's Aid Society want the Council to pass a curfew by-law prohibiting the youngsters from running the streets after stated hours.

Orillia is said to be the best lighted town of its size in Ontario. The town owns the electric plant and there are thirty-five arc lights of twelve hundred candle power each distributed through the town, besides those of the stores and the incandescent system.

Cordwood is a drug in the market here at present. The fine sleighing has caused enormous quantities to be marketed.

A County House of Refuge is to be a live issue in Simcoe shortly.

BRADFORD.
Considerable interest has been taken in fire protection in Bradford since the recent fires in that town. Last week the names of twenty persons were struck off the roll of the fire brigade and a resolution was passed ordering six new rubber suits and hats. There is much difference of opinion as to the usefulness of the fire engine vs. water-works.

Dr. McKay the Presbyterian Missionary to Formosa preached in Bradford last week.

SUNDERLAND
Large driving sheds will be built in the spring in connection with the Presbyterian church here. The timber is now being hauled.

MIDLAND
If there is a town in Ontario afflicted more by the fire fiend we have yet to learn of it. Last week another fire occurred here by which a dwelling and its contents valued at \$1,000, was destroyed with insurance of \$650.

VROOMANTON
Revival services are being held here this week in the Presbyterian church by Rev. Mr. McKay, assisted by Rev. Mr. Power and Stewart of Sunderland.

UXBRIDGE
At the recent Farmers Institute here Mr. McKay, of Uxbridge spoke on Farm Insurance. He showed that the losses on Farm Insurance for the last 18 years did not amount to more than 33 cts on the \$100 for a 3 year's policy, whereas the stock companies are charging \$1.50. He mentioned the fact that nearly 90 per cent of the Farm Insurance west of Toronto was done by Farmers' Mutuals, and many of them at 60 cts on the \$100 for 3 years as against \$1.50 in the stock companies. He also stated that steps were being taken here to organize a Farmers' Mutual with head office at Uxbridge.

BRECHIN
A meeting of the North Ontario Farmers' Institute will be held here in February. Exact date not yet set.

BARRIE
W. C. McLean, a Barrie druggist, for selling liquor contrary to statute, was last week fined \$20 and costs.

George Dinwoody, license inspector for South Simcoe, dropped dead Friday at Alliston from heart failure.

The body of Mrs. George Raikes, of Barrie, was found in Kempenfelt Bay the other morning. It appears the deceased was in the habit of walking in her sleep, and this may possibly have been the cause of her sad end.

SUTTON
A petition from Sutton will soon be placed before Hon. John Costigan, Minister of Marine and Fisheries asking for the dredging of a channel through the sand bar from the mouth of the river into the lake. We hope the Hon. gentleman will not only give it "due consideration," but act as promptly as it is in his power to do. There was a time when a craft loaded with 30 barrels of whisky could enter the river without any trouble, this showing how much that portion of the lake has filled up.

Ice is the all absorbing question for our working men just now. Wm. Boyd was here this week and yesterday morning with sample blocks, which he doubt will wake up the Toronto men. The welcome sound of the ice train whistle will echo through Sutton once more.—Herald.

SUNDERLAND
The Rural Deacons of East York met at Sunderland on Monday and Tuesday last. There were present Rural Dean Fletcher, of Port Perry, Rev. Talbot, of Oshawa, Rev. Walker, of

Scarboro', Rev. Reid of Uxbridge, Rev. Harris of Brooklin, Rev. E. J. Etherington and Rev. G. A. Rix. On Monday evening a good congregation met at 8 o'clock service, at which Rev. Mr. Rix was the preacher. On Tuesday morning at 8:30 the Holy Communion was administered, and forenoon and afternoon business sessions were held. It was decided to hold the April meeting in Cannington.—Gleaner.

WOODVILLE.
Mr. A. J. Smith is about opening a lumber yard here. A. J. is a man of business, ever working for the welfare of his adopted village.

The pupils of Mrs. Garrow's Bible class met that lady the other evening and presented her with a very handsome Bible as a token of respect.

The work of repairing the damaged portion of the Presbyterian Church has been commenced. We understand it is the intention to only relay the floor and fix up the basement and use the edifice until spring when it will undergo a thorough overhauling.

The eleven pupils of Woodville Presbyterian Sabbath school who repeated the whole of the shorter catechism at one sitting without a mistake recently have been presented each by the General Assembly with a very neat diploma, bearing their names nicely engraved and signed by the Rev. G. L. McKay, D.D.

The Eldon Agricultural Society held its annual meeting on the 10th inst. The Auditor's report was read and adopted showing a balance on hand of \$41 after paying all expenses. There is now remaining unpaid only \$225 of the old floating debt, which was over \$300. The following officers were elected:—A. J. Smith, President; D. C. Ross, Vice President. Directors—W. F. Clark, R. Howkins, W. D. McCrimmon, D. W. Smith, A. E. Stabback, Arch. McEachern, J. Barnes, R. C. Cowie and Arch. Campbell. Auditors—Hugh Cameron and P. McIntyre. It was decided to have three gates open to members and their friends, but tickets to be sold at the centre gate only.

ORILLIA.
The Packet says that the new Orillia market building designed by a foreign architect, has cost more and is less convenient, and commodious than the building would have been if carried out on the designs of a local architect. Here is a lesson for those who go out of town for their purchases.

Wm. Mattingley, an Orillian, got on a holiday spree and ill-used his wife. He is now sawing wood and doing other odd jobs for three months at Barrie jail.

Mrs. Nugent, of Orillia, not being thoroughly conversant with the chemistry of coal oil, poured some on the fire the other day to make it burn quickly. It did, and the woman's face and hair were badly burned.

NEWMARKET.
The average sale of postage stamps at the Newmarket post office is \$300 per month and the general business is also very heavy. A new Government post office there may be a thing of the not distant future.

The Newmarket hotel-keepers have all agreed to make a uniform charge for stable and yard accommodation. There will be no excuse for persons occupying church sheds so long as there is room in the hotel sheds and yards.

CANNINGTON.
Mr. George Ashby, of Brock, met with a painful accident a short time ago. While working in the woods a tree fell upon his foot crushing it severely. He is now able to be around on crutches.

Evening classes have been organized by the Mechanics' Institute. These classes meet in the Public School every Tuesday and Friday evening at 7:30 o'clock. Every body invited to join. Tuition free. Mr. Purdy teacher.

A large number of the leading medical practitioners of North Ontario and West Victoria, met in the Queen's Hotel here last week and organized an association to be known as the "North Ontario and West Victoria Medical Association," with the following officers:— President, Dr. Gillespie, Cannington; 1st Vice-President, Dr.

SUTTON.

Rev. A. Martin, of Sutton, and his driver, Jas. Hagerman, had rather a dangerous experience on Sunday, of last week, when returning from service at Georgian Island. Owing to the soft weather the ice had cracked between the time of going over and returning. In attempting to cross a crack, the horse plunged into the water up to its neck, and the wonder is that the whole party was not dipped in the lake. They succeeded in getting the horse out, and the party, piloted by Dr. Fringle and Albert Biggano, who fortunately appeared on the scene in time) got safely to shore.

MARKHAM

In Markham-Village, the enormous sum of two thousand two hundred and five dollars has been paid out in law costs during the last two years. Not one cent of this money would have been expended had the Council of 1890 bought the waterworks lot before they put up the buildings.

McKay, M. P. P., Woodville; 2nd Vice-President, Dr. Simpson, Lindsay; Secretary, Dr. A. Gillespie, Manilla; Treasurer, Dr. Bignham, Cannington. After the business had been transacted the medical gentlemen held a post-mortem over the oysters served by nine host Bancaaster, the next meeting will be held at Lindsay on February 15th.—Gleaner.

Catarth relieved in 10 to 60 minutes.
One short puff of the breath through a Blower, supplied with each bottle of Dr. Agnew's Catarth Powder diffuses this Powder over the surface of the nasal passages. Painless and delightful to use, it relieves instantly and permanently cures Catarth, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis and Deafness. 60 cents. At W. Williamson, Beaverton.
